# Welcome to UTS:INSEARCH

The start of a new journey

## VICE-CHANCELLOR'S WELCOME

UTS:INSEARCH is an important part of the University of Technology, Sydney (UTS) community. We work in partnership to deliver UTS Foundation Studies and Diploma programs that provide direct entry into some of our most popular undergraduate degrees. Each year, UTS:INSEARCH welcomes over 2500 students from more than 75 countries. UTS:INSEARCH will provide you with the knowledge, skills and support to prepare you for success.

We are delighted that UTS:INSEARCH has built a strong reputation as the leading pathway provider to UTS, with 30 years of experience.

In 2011, 80 per cent of UTS:INSEARCH academic graduates articulated successfully into a bachelor's program.

We look forward to welcoming you to UTS in the future.

Professor Ross Milbourne  
Vice-Chancellor and President  
University of Technology, Sydney (UTS)

## MANAGING DIRECTOR'S WELCOME

Congratulations on taking the first step towards achieving your goal of studying at UTS and building a successful career.

We are a world-class provider of pathways into UTS. Through the quality of our programs, our expertise and focus on the student experience, we give you the best possible foundation for your university career. You will be prepared to participate confidently in university life at UTS when you graduate from UTS:INSEARCH.

Our students rate our courses, facilities, teachers and support as exceptional. As we work closely with UTS, our students enjoy both a quality education and many of the great facilities offered by UTS, including the library and university social clubs.

We are here to help you so make it happen at UTS:INSEARCH!

Alex Murphy  
Managing Director  
UTS:INSEARCH

# About UTS:INSEARCH

UTS:INSEARCH - The first step  
to a great career.

## UTS:INSEARCH THE PROVEN PATHWAY TO UTS

UTS:INSEARCH is a premium pathway provider to the University of Technology, Sydney (UTS), one of Australia's leading universities. In fact at UTS:INSEARCH our whole reason for being is to propel students like you into UTS.

UTS:INSEARCH offers UTS Foundation Studies and a broad choice of higher education diplomas. Our diplomas provide Australian students with direct entry into corresponding undergraduate degrees at UTS\*. In fact, many of our students are able to fast track into the 2nd year of a UTS undergraduate degree, depending on what course they choose.

Whatever field of study you are interested in, UTS:INSEARCH could offer the pathway to help get you there. We provide courses in:

- Business
- Communications
- Design and Architecture
- Engineering
- Information Technology and Computing
- Nursing and Health Science
- Science

\*subject to successful completion of a diploma with the required Grade Point Average

## WHY YOU SHOULD CONSIDER UTS:INSEARCH

There are many reasons why you may choose to study at UTS:INSEARCH:

- You have just missed out on an offer for your desired UTS course and need an alternative way to get in.
- You did not perform well in Year 12 but have superior year 11 grades and still want to be able to study at UTS. UTS:INSEARCH offer an accelerated UTS Foundation Studies program which will prepare you for university study in a range of disciplines.
- You are still unsure about what degree you want to study at UTS; and would like the opportunity to study a diploma first to confirm your decision whilst at the same time, getting credit points towards a UTS degree.

## WHY STUDENTS SUCCEED AT UTS:INSEARCH

- All of our academic programs are designed in collaboration with the corresponding UTS faculties. This means that the educational outcomes for students undertaking UTS:INSEARCH diplomas are for most courses, equivalent to those of first year students undertaking an undergraduate degree at UTS.
- Students benefit from small classes, with most tutorials having no more than 20 students to maximise learning outcomes.
- Students can enjoy access to UTS facilities including a world-class library and 24 hour computer labs.
- UTS:INSEARCH provides a highly supportive and caring culture including dedicated academic advisers, one-on-one learning assistance tutorials and study skills workshops to give students the best possible chance of succeeding.
- Our passionate and highly qualified industry experienced teaching staff will help you with your learning and will play an important role in your success.
- With access to over 100 sports and social clubs at UTS and UTS:INSEARCH, you can meet new people and make friends who share common interests.
- Students can enjoy studying in the CBD of Sydney, close to transport where everything is at your doorstep.

**95%**

**Of new diploma students at the end of 2011 were eligible to articulate to UTS**

**86%**

**Of students indicated that UTS:INSEARCH has high course standards**

**93%**

**Of students felt that UTS:INSEARCH teaching staff are always helpful**

# About the University of Technology, Sydney

UTS:INSEARCH is your pathway to UTS - A progressive university with a global perspective.

## WHY CHOOSE UTS?

The University of Technology, Sydney (UTS), is a progressive university with a global perspective. They are a leading university in technology, fostering a vibrant scholarly environment of innovation and creativity. Awarded for their excellence in learning and teaching, UTS offers dynamic, practice centred courses and world-class facilities – both inside and outside the classroom. They provide a university experience that is intellectually and socially engaging, thus producing graduates who are sought after by industry.

UTS's international standing is reflected in achieving five stars in the QS Stars™ rating system.

\*Australian students graduating from the UTS:INSEARCH diploma can obtain direct entry into the corresponding undergraduate degree at UTS upon successful completion of their UTS:INSEARCH diploma with the required Grade Point Average.

## PARTNERSHIP BETWEEN UTS:INSEARCH AND UTS

UTS:INSEARCH is closely affiliated with the University of Technology, Sydney (UTS). The relationship between UTS and UTS:INSEARCH benefits our students in many ways:

- UTS:INSEARCH students can gain up to 48 credit points of advanced standing (that's equivalent to one year of study at UTS), depending on which course you choose.
- UTS:INSEARCH students have access to UTS facilities, including 24 hour computer laboratories and the world-class library.
- UTS:INSEARCH can obtain direct entry at UTS once they graduate from their diploma\*.

## WIDE CHOICE OF COURSES

Students at UTS can choose from over 100 undergraduate and 150 postgraduate courses in the faculties of Arts and Social Sciences; Business; Design; Architecture and Building; Engineering and Information Technology; Nursing, Midwifery and Health; Pharmacy and Science.

## Top 500

\*The Association to Advance Collegiate Schools of Business.

## THE DR CHAU CHAK WING BUILDING

The Dr Chau Chak Wing Building is the first building in Australia designed by Frank Gehry, one of the world's most influential architects. It will provide teaching, learning, research and office accommodation for the UTS Business School. There will be extensive public spaces in the new building, including

student lounges, cafes and outdoor roof terraces.

The building is named after Australian-Chinese businessman and philanthropist Dr Chau Chak Wing, who donated \$20 million to the project, alongside an additional \$5 million for Australia-China scholarships.

## UTS PROVIDES:

### TEACHING EXCELLENCE

UTS's Model of learning, encourages dynamic teaching, integrating theory with practice to deliver a real-world education across many platforms of learning. Contemporary, research-inspired programs and exposure to cutting-edge technologies prepare graduates for professional practice in the global workplace.

UTS academics are regularly awarded for their teaching achievements. Recently, five academics and their academic learning program, U:PASS, received Citations for Outstanding Contributions to Student Learning from the Australian Learning and Teaching Council.

### PRACTICE-ORIENTED EDUCATION

Leading industry professionals regularly help to develop and review UTS courses to provide a balance between theory and contemporary practical application. Their courses include major projects, real-life case studies, extensive group work and field-trips, all of which help students place their knowledge in a real-world context thus distinguishing UTS students from their peers.

### COLLABORATIVE NETWORKS

UTS maintains strong relationships with local industry and the professions. The University's Vice-Chancellor's Industry Advisory Board, comprised of CEOs and visionary leaders from a broad spectrum of industries, is integral to UTS. They actively foster industry relationships which deliver professional opportunities and first-class on-campus facilities to their students.

### RESEARCH LEADER

UTS is ranked 13<sup>th</sup> among 41 universities based on the Australian Federal Government's Excellence in Research report released in 2011, benchmarking approximately 80 per cent of their research as 'world-standard' or 'above-world standard'. Their research is focused on driving change and finding practical solutions to current national and international problems – what they call 'practical innovation'.

### EXCELLENT SUPPORT

UTS provides comprehensive support for students, including career counselling, health and housing services, sporting facilities and a peer support network. Clubs and peer programs allow students to meet and interact with others from Australia and around the globe.

## UTS FAST FACTS

- Located in Sydney's vibrant CBD.
- Awarded five stars for excellence in higher education by QS
- High employability rate – graduates highly sought after by employers.
- Highly awarded teaching by the Australian Learning and Teaching Council.
- Over 35,700 students enrolled in 2011, among them 8700 international students from 120 countries.
- 100 undergraduate and 150 postgraduate courses.
- Industry relevant and jointly developed courses.
- World-class facilities.

# Our Location

UTS:INSEARCH is located in the heart of Sydney's CBD and within a short stroll to UTS and major transport. Make new friends and experience student life in the heart of the city, surrounded by cafes, galleries, theatres, nightlife and shops.

# Student Life at UTS:INSEARCH

**Form friendships and networks with other students through our vibrant and varied social scene.**

**Join the Student Council or take part in one of the many fun student activities.**

## ACTIVITIES CLUB

The UTS:INSEARCH Activities Club is a free, student-led social group with a strong belief that if we work hard - we deserve a bit of fun too! Have fun, meet friends and get involved in organising movie night, barbecues and dance parties, sports competitions, language exchanges, excursions and much more.

## UTS UNION

Take advantage of the hundreds of social clubs, events and sporting activities offered by the UTS Union. As a UTS:INSEARCH student, you are automatically a member. Whether you are interested in photography, languages, politics, raising money for charity or saving the environment, there is something for everyone.

## STUDENT COUNCIL

Be an ambassador. The Student Council is made up of members elected by UTS:INSEARCH students, to represent you - the student body. Voice your opinion on current policies and organise social events.

## CITY CAMPUS

As well as the many activities on campus and at UTS, UTS:INSEARCH's central location in the city and its close proximity to the city's main train station, Central Station, makes it easily accessible from almost anywhere in Sydney. Head to one of the many local cafes nearby, enjoy lunch or dinner in Chinatown or after a day of study wander down to one of the many entertainment venues. Everything you need is right on our campus doorstep.

# Support, Facilities and Services at UTS:INSEARCH

## STATE-OF-THE-ART FACILITIES

- **Enjoy the latest technology at your fingertips:** All students have access to modern student computer labs and high speed wireless internet throughout the campus. Students can also enjoy 24 hour access to UTS computer facilities.
- **Access a world-class library:** Another benefit of being a UTS:INSEARCH student is having access to one of the most technologically-capable libraries in the southern hemisphere.
- **Newly refurbished recreation spaces:** Meet friends, study or relax in between classes in our new dedicated student lounges. Enjoy access to open plan kitchens and our spacious student lunch areas.
- **Classes and lecture theatres:** All of our classrooms have the latest technology on offer, including the latest multimedia projection facilities in our lecture theatres and electronic whiteboards in our classrooms.

## ALL THE ACADEMIC SUPPORT YOU NEED

- **Dedicated academic advisers:** Are here to support and encourage you with your studies, help you with your career path or assist you with any personal difficulties.
- **Weekly learning assistance sessions:** Additional classes for academic students to get individual help from expert tutors in all academic subjects.
- **Study skills classes:** During Orientation week (occurs at the start of every semester), special study support workshops are held for students wanting to get a head start in their studies.
- **Personal assistance:** UTS:INSEARCH lecturers and tutors are available for free one-on-one consultations and tutorials if students require extra assistance outside of class.

## GENERAL SUPPORT

- **Student Centre:** Is there to assist you with all matters related to your studies.
- **Security:** Campus security is provided in all UTS:INSEARCH buildings to ensure your safety and to provide additional support if required.
- **Counselling services:** available at UTS to help you out with any personal problems.
- **Health services:** All students can seek health and medical assistance from UTS Health Services.
- **Prayer rooms:** Dedicated multi-faith prayer rooms are available on campus where all staff and students are able to worship in privacy.

---

**Make the most of state-of-the-art facilities, the latest technology and a range of dedicated student services – all there to help you discover your true potential in and outside the classroom.**

---

# UTS:INSEARCH Graduate Snapshots

For many of our students, UTS:INSEARCH is the first step to achieving their career dreams. There is no reason why UTS:INSEARCH can't do the same for you.

## Brett Hausfield, Business Graduate

**Pathway:**  
UTS:INSEARCH  
Diploma of Business;  
UTS Bachelor of Business  
(majoring in Accounting)

"The teachers at UTS:INSEARCH were really dedicated to helping us learn: they were friendly, explained things thoroughly and weren't afraid to help us as many times as we asked for assistance.

UTS:INSEARCH motivated me again to put my head down and do well and since graduating I have never looked back."

## Sokhyun, Communications Graduate

**Pathway:**  
UTS:INSEARCH  
Diploma of Communications,  
UTS Bachelor of  
Communications (majoring in  
Media Arts and Production)

"The tutors and lecturers I had at UTS:INSEARCH were the best - they were very helpful and having access to their expertise was one of the great things about studying there. The curriculum that we were taught also gave me a very strong foundation for my studies at UTS. I felt that I was very well prepared to make a successful transition into my university studies. I really recommend UTS:INSEARCH."

## Grace Tame, Design Graduate

**Pathway:**  
UTS:INSEARCH  
Diploma of Design,  
UTS Bachelor Interior and  
Spatial Design

"I've always been interested in Design, but I wasn't sure which aspect I wanted to focus on. I just missed out on direct entry to UTS so when I heard about UTS:INSEARCH I realised I could experience lots of different aspects of design before deciding on a specific degree. I love how it prepares you for uni studies well and at the same you're gaining credit for your degree."

## Matthew Komlejnovic, Engineering Graduate

**Pathway:**  
UTS:INSEARCH  
Diploma of Engineering,  
UTS Bachelor of Engineering  
Diploma in Engineering Practice  
(majoring in Information and  
Communication Technologies)

"My experience at UTS:INSEARCH has been great. Not only have I met a lot of people from lots of different backgrounds, I've also learnt a lot from studying at UTS:INSEARCH. I'll never forget my time here. Everything from the weekly Student Council activities, to the staff members who are willing to help out even after hours.

I doubt I would have ever accomplished the high grades I achieved at UTS:INSEARCH without the persistence and support that I received from all my teachers."

## Belinda Pickering, IT Graduate

**Pathway:**  
 UTS:INSEARCH  
 Diploma of Information Technology,  
 UTS Bachelor of Science in Information Technology,  
 Diploma in Information Technology Professional Practice

"I was immediately attracted to the UTS:INSEARCH course due to its direct relationship with UTS. The opportunity to go straight into second year of my IT degree really appealed to me as I wasn't wasting my time. I wanted to get into programming and UTS:INSEARCH has opened the door for me to reach that goal."

## Farrah Zaiter-Geddes, Science Graduate

**Pathway:**  
 UTS:INSEARCH  
 Diploma of Science,  
 UTS Bachelor of Science (majoring in Medical Science)

"The Diploma of Science has really broadened my knowledge and has definitely given me the confidence going into my university studies. The teachers are great, and if you need the extra help, they are always very supportive and if you need it, you have access to other skill building and learning workshops."

They also give you lots of opportunities to get involved in student life and activities – like the Student Council and the Activities Club."

## Rachel Mah, UTS Foundation Studies Graduate

**Pathway:**  
 UTS Foundation Studies in Health Sciences  
 UTS Bachelor of Nursing

"UTS:INSEARCH was a major stepping stone for me to adjust from freshly graduating out of the classroom and into a fully-fledged UTS Nursing degree. The tutors at UTS:INSEARCH are so inspiring – they really challenge your way of thinking! I also like the international culture and close friendships I've made here."

UTS:INSEARCH is like a banquet table of open doors, ideas and knowledge. If you see what you like, dig in! Let nothing stop your hunger to succeed at uni – and that's what they help you do."

## Benjamin Lewinsohn, UTS Foundation Studies Graduate

**Pathway:**  
 UTS Foundation Studies,  
 Physical Sciences Stream

"I originally didn't get the ATAR mark I needed for the Engineering degree at UTS, however UTS:INSEARCH gave me another opportunity. UTS:INSEARCH really appealed to me as it was one of the only Foundation programs that had a specific focus on Engineering."

I am now one step closer to achieving my dream career – flying and working on helicopters in the Navy. Something I have wanted to do since I was a kid!"

# UTS:INSEARCH Pathways

Whatever your future direction, we have the course to get you there. From UTS Foundation Studies to higher education Diplomas.

The pathway you take into UTS will depend on your Academic qualifications

## PATHWAY 1

## PATHWAY 2

\*The point of entry into a UTS degree depends on your major. Australian students successfully completing Business, Communication (wishing to articulate to the UTS Bachelor of Arts in Communication, majoring in Public Communication) Engineering and Information Technology diplomas with the required Grade Point Average can obtain direct entry into the second year of a UTS degree (48 credit points). Students undertaking the Diploma of Communication (Public Relations) course wishing to articulate to the UTS Bachelor of Arts in Communication with a major other than Public Communication, will also receive 48 credit points of advanced standing. The advanced standing will however apply to subjects from first, second and third year of the degree. For most Design and Science courses (depending on the UTS major chosen), students will enter into the first year of UTS receiving up to 42 credit points.

#Students must be at least 17 years old at the time of starting UTS Foundation Studies.

## UTS FOUNDATION STUDIES

- This program prepares students for university study in a range of disciplines, covering content related to the field of study they may wish to pursue at UTS.
- The program provides pathways to UTS:INSEARCH diplomas or, for students who obtain exceptional results, entry into the first year of an undergraduate degree at UTS.
- Choose from one of six streams of study: Arts and Social Sciences; Business; Design and Architecture; Information Technology; Nursing and Health Sciences and Physical Sciences.
- UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

## DIPLOMA COURSES

- Choose from one of six diplomas: Business; Communication (Public Relations); Design (Visual Communication); Engineering; Information Technology and Science.
- In most cases the educational outcomes for students undertaking a UTS:INSEARCH diploma are equivalent to those of first year students undertaking an undergraduate degree at UTS.
- Many Diploma graduates can obtain direct entry into the second year<sup>#</sup> of a UTS degree upon successful completion of their diploma with the required Grade Point Average.

*#excludes some Communication, Design and Science courses where students enter into first year of a UTS degree with varying credit points. Refer to individual pages within this guide for full credit points.*

Please refer to page 14 for more details

Please refer to pages 15-26 for more details

# UTS Foundation Studies

The pathway you take into UTS will depend on your Academic qualifications

\*Please refer to notes on page 13.

#Students must be at least 17 years old at the time of starting UTS Foundation Studies.

The UTS Foundation Studies program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

The program provides pathways to UTS:INSEARCH diplomas or, for students who obtain exceptional results, entry into the first year of an undergraduate degree at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry to UTS.

UTS Foundation Studies is offered over 8 months, as an Accelerated program.

## ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the Accelerated Program students choose from one of six different streams of study:

- Arts and Social Sciences
- Business
- Design and Architecture
- Information Technology
- Nursing and Health Sciences
- Physical Sciences.

# UTS:INSEARCH Business Pathways to UTS

The pathway you take into UTS will depend on your Academic qualifications

## PATHWAY 1

### YEAR 12

Accelerated - 8 Months: min ATAR of 70  
Standard - 12 Months: min ATAR of 67  
(Bonus points may apply)

**UTS:INSEARCH  
Diploma of Business**  
(8 or 12 months)

### UTS 2<sup>nd</sup> Year

**Bachelor of Business** (choose your major) **or**  
**Bachelor of Business, Bachelor of Science in  
Information Technology** (choose your business major)

## PATHWAY 2

### YEAR 11/12

Successful completion  
of Year 11 with  
superior grades  
(Bonus points may apply)

**UTS:INSEARCH  
UTS Foundation  
Studies  
(Business Stream)**  
(8 months)

**UTS:INSEARCH  
Diploma of Business**  
(8 or 12 months)

### UTS 2<sup>nd</sup> Year

**Bachelor of Business** (choose your major) **or**  
**Bachelor of Business, Bachelor of Science in  
Information Technology**  
(choose your business major)

## UTS FOUNDATION STUDIES (BUSINESS)

The UTS Foundation Studies (Business) program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Business Stream, students study the following subjects:

- Academic English for Business
- Digital Literacies
- Accounting
- Economics and Finance
- Mathematics A

CRICOS course code: 068815K  
UTS course code: C30015

Please see pages 27-29 for UTS Foundation Studies entry requirements.

## UTS:INSEARCH DIPLOMA OF BUSINESS

The UTS:INSEARCH Diploma of Business program is designed in collaboration with the UTS Business School. This means the educational outcomes for students undertaking the Diploma of Business are equivalent to those of first year students studying a Bachelor of Business at UTS.

Students can obtain direct entry into the 2<sup>nd</sup> year of the UTS Bachelor of Business degree upon successful completion of their diploma with the required Grade Point Average.

On completion of the Diploma of Business, graduates will be able to demonstrate an understanding of the functions of accounting, finance, marketing and management within a business organisation. They will be equipped with effective communication and presentation skills and will be able to apply critical thinking and analytical problem solving skills. The Diploma of Business is offered as a Standard or Accelerated program.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a direct entry\* into the second year of a UTS Bachelor of Business degree.

#### Stage 1

- Academic and Business Communication
- Accounting for Business
- Economics for Business 1

#### Stage 2

- Accounting Transactions and Business Decisions
- Fundamentals of Business Finance
- Managing People and Organisations

#### Stage 3

- Marketing Foundations
- Business Statistics
- Elective Choice: Economics for Business 2  
or  
The Financial System

\*Subject to successful completion of the diploma with the required Grade Point Average.

CRICOS course code: 053606J

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Business Communication
- Accounting for Business
- Economics for Business 1
- Fundamentals of Business Finance
- Managing People and Organisations

#### Stage 2

- Accounting Transactions and Business Decisions
- Marketing Foundations
- Business Statistics
- Elective Choice: Economics for Business 2  
or  
The Financial System

CRICOS course code: 070300G

### UTS:INSEARCH Diploma of Business can lead to the 2<sup>nd</sup> year of study in the following bachelor degrees at UTS:

- **UTS Bachelor of Business** majoring in: Accounting, Economics, Finance, Financial Services, Human Resources, International Business, Business Management, Marketing, Marketing and Communication.

Students who undertake a major in Economics, Finance and Financial services also have the option to take a second major in: Business Law, Tourism, Sport Management or Information Technology.

- **UTS Bachelor of Business, Bachelor of Science in Information Technology (combined degree).**

## UTS:BUSINESS

The Bachelor of Business at UTS offers a wide range of specialisations, with flexibility to tailor the course to meet your career goals. Employers value UTS business graduates for their progressive thinking combined with practical, work-ready knowledge and skills.

[www.business.uts.edu.au](http://www.business.uts.edu.au)

### WHAT'S GREAT ABOUT UTS:BUSINESS?

- One of the few business courses worldwide that have Accreditation by the Association to Advance Collegiate Schools of Business (AACSB International).
- You will undertake live case studies with some of the world's leading businesses.
- You can choose from 13 majors, 4 extended majors and over 30 sub-majors.
- You can specialise your degree by combining it with Biotechnology, Engineering, Medical Science, IT, Law, Science or International Studies.

#### Typical areas you can work in:

- Accounting
- Advertising
- Banking
- Brand Management
- Business Analysis
- Economics
- Financial Planner
- Human Resources
- Insurance
- International Business
- International Banking
- Investment Management
- Marketing
- Management
- Project Management
- Strategic Planning

For UTS articulation requirements, please refer to pages 30-31.

(8 or 12 months)

### UTS 1<sup>st</sup> or 2<sup>nd</sup> Year

(entry point depends on your major\*)  
**Bachelor of Arts in Communication**  
(choose your major)

\*The point where you enter into the UTS degree will depend on your chosen major – refer to the next page for full credit points.

## UTS FOUNDATION STUDIES (ARTS AND SOCIAL SCIENCES)

The UTS Foundation Studies (Arts and Social Sciences) program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Arts and Social Sciences Stream, students study the following subjects:

- Academic English for Creative Industries
- Digital Literacies
- Media Studies
- Multimedia
- Society and Culture

CRICOS course code: 068815K  
UTS course code: C30015

Please see pages 27-29 for UTS Foundation Studies entry requirements.

## UTS:INSEARCH DIPLOMA OF COMMUNICATION (PUBLIC RELATIONS)

The UTS:INSEARCH Diploma of Communication (Public Relations) program is designed in collaboration with the UTS Faculty of Arts and Social Sciences. This means the educational outcomes for students undertaking the UTS:INSEARCH Diploma of Communication (Public Relations) are equivalent to those of first year students studying a Bachelor of Arts in Communication majoring in Public Communication (Public Relations) at UTS.

These students can obtain direct entry into the 2<sup>nd</sup> year of the UTS Bachelor of Arts in Communication majoring in Public Communication (Public Relations) degree upon successful completion of their diploma with the required Grade Point Average.

Students undertaking other communication majors at UTS will enter into the first year of the communication degree with 48 credit points.\*

Students who successfully complete the Diploma of Communication (Public Relations) will be equipped with the skills and knowledge to be able to conduct research, interviews and present findings in various forms, including writing, photography and digital media. The Diploma of Communication (Public Relations) is offered as a Standard or Accelerated program.

\*Please see below for full credit point listings.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a direct entry\* into the first or second year# of a UTS Bachelor of Arts in Communication degree.

#### Stage 1

- Academic and Professional Communication
- The Ecology of Public Communication
- Understanding Communication

#### Stage 2

- Language and Discourse
- Principles of Public Relations

#### Stage 3

- Ideas in History
- Strategic Public Relations

\*Subject to successful completion of the diploma with the required Grade Point Average.

# Depending on which major you choose

CRICOS course code: 053609F

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Professional Communication
- The Ecology of Public Communication
- Understanding Communication
- Language and Discourse

#### Stage 2

- Ideas in History
- Principles of Public Relations
- Strategic Public Relations

CRICOS course code: 070303E

**UTS:INSEARCH Diploma of Communication (Public Relations) can lead to the 2<sup>nd</sup> year of study of the following bachelor degree at UTS:**

- **UTS Bachelor of Arts in Communication** majoring in: Public Communication (Public Relations) . Within the Public Communication major, students may specialise in either Public Relations or Advertising.

**UTS:INSEARCH Diploma of Communication (Public Relations) can lead to the 1<sup>st</sup> year of study of the following bachelor degree at UTS:**

- **UTS Bachelor of Arts in Communication** majoring in: Journalism, Public Communication (Advertising), Writing and Cultural Studies, Media Arts and Production, Information and Media or Social Inquiry. (Total of 48 credit points over the duration of your course. Credit recognition allows for a reduced course load and degree completion in two and a half years.)

## UTS:COMMUNICATION

The Bachelor of Arts in Communication is one of the most in-demand programs in Australia. The course brings together the best of traditional and contemporary research and offers a wide range of specialisations to suit your career goals. Industry work placements provide you with work-ready knowledge and skills, making UTS communication graduates highly sought-after by employers.

[www.communication.uts.edu.au](http://www.communication.uts.edu.au)

## WHAT'S GREAT ABOUT UTS:COMMUNICATION?

- One of the most in demand communication degrees in Australia.
- Graduates are highly sought after by employers due to the practical, hands on nature of the course.
- Strong industry networks: More than 150 companies partner with UTS – so you can expand your network and make valuable contacts for your future career.
- Cutting edge facilities with the latest technology: including media production labs, video editing suites, multi-platform computer labs, sound facilities, journalism workroom and the Bon Marche studio.

### Typical areas you can work in:

- Advertising
- Cinematography
- Communication
- Copywriting
- Editing
- Feature Writing
- Film Direction
- Journalism
- Multimedia Designing
- New Media Production
- Novel Writing
- Political Advising
- Public Relations
- Publishing
- Radio Production
- Scriptwriting

For UTS articulation requirements, please refer to pages 30-31.

# UTS:INSEARCH Design Pathways to UTS

The pathway you take into UTS will depend on your Academic qualifications

## PATHWAY 1

### YEAR 12

Accelerated - 8 Months: Min ATAR of 66  
Standard - 12 Months: min ATAR of 66  
(Bonus points may apply)

**UTS:INSEARCH  
Diploma of Design  
(Visual Communication)**  
(8 or 12 months)

**UTS 1<sup>st</sup> or 2<sup>nd</sup> Year**  
(entry point depends on your major\*)  
**Bachelor of Design**  
(choose your major)

## PATHWAY 2

### YEAR 11/12

Successful completion  
of Year 11 with  
superior grades  
(Bonus points may apply)

**UTS:INSEARCH  
UTS Foundation  
Studies (Design and  
Architecture Stream)**  
(8 months)

**UTS:INSEARCH  
Diploma of Design  
(Visual Communication)**  
(8 or 12 months)

**UTS 1<sup>st</sup> or 2<sup>nd</sup> Year**  
(entry point depends on your major\*)  
**Bachelor of Design**  
(choose your major)

\*The point where you enter into the UTS degree will depend on your chosen major – refer to the next page for full credit points.

## UTS FOUNDATION STUDIES (DESIGN AND ARCHITECTURE)

The UTS Foundation Studies (Design and Architecture) program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Design and Architecture Stream, students study the following subjects:

- Academic English for Creative Industries
- Digital Literacies
- Design Media
- Design Projects
- Society and Culture

CRICOS course code: 068815K  
UTS course code: C30015

Please see pages 27-29 for UTS Foundation Studies entry requirements.

## UTS:INSEARCH DIPLOMA OF DESIGN (VISUAL COMMUNICATION)

The UTS:INSEARCH Diploma of Design (Visual Communication) program is designed in collaboration with the UTS Faculty of Design, Architecture and Building. This means the educational outcomes for students undertaking the Diploma of Design (Visual Communication) are equivalent to those of first year students studying a Bachelor of Design in Visual Communication at UTS. These students can obtain direct entry into the 2<sup>nd</sup> year of the UTS Bachelor of Design in Visual Communication degree upon successful completion of their diploma with the required Grade Point Average.

Students undertaking other design specialisations at UTS will enter into the first year of the design degree with up to 36 credit points.\*

On completion of the Diploma of Design (Visual Communication) graduates should be able to apply the aesthetic language used by designers to develop original concepts, effectively communicate them and develop solutions to design problems. The Diploma of Design (Visual Communication) is offered as a Standard or Accelerated program.

\*Please see below for full credit point listings.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a direct entry\* into the first or second year# of a UTS Bachelor of Design degree.

#### Stage 1

- Academic and Design Communication
- Ways of Seeing
- Researching Design History

#### Stage 2

- Image Experimentation
- Visible Language
- Design Thinking

#### Stage 3

- Signs and Symbols
- Type, Text and Form
- Histories of Visual Communication

\*Subject to successful completion of the diploma with the required Grade Point Average.

# Depending on which major you choose

CRICOS course code: 053608G

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Ways of Seeing
- Researching Design History
- Image Experimentation
- Visible Language
- Academic and Design Communication

#### Stage 2

- Signs and Symbols
- Design Thinking
- Histories of Visual Communication
- Type, Text and Form

CRICOS course code:070306B

**UTS:INSEARCH Diploma of Design (Visual Communication) can lead to the 2<sup>nd</sup> year of study of the following bachelor degree at UTS:**

- UTS Bachelor of Design in Visual Communication.

**UTS:INSEARCH Diploma of Design (Visual Communication) can lead to the 1<sup>st</sup> year of study of the following bachelor degree at UTS:**

- UTS Bachelor of Design specialising in:
  - Animation (24 credit points\*\*)
  - Architecture (24 credit points\*\*)
  - Fashion and Textile Design (36 credit points\*)
  - Industrial Design (36 credit points\*)
  - Interior and Spatial Design (24 credit points\*\*)
  - Photography and Situated Media (24 credit points\*\*)

\*\* Credit points awarded in the first year of your degree

\* Credit points awarded over course duration

## UTS: DESIGN, ARCHITECTURE AND BUILDING

The Design, Architecture and Building faculty has an international reputation for cutting-edge, professional coursework programs. Its courses are highly respected by the industry as they are both practical and at the forefront of industry trends.

[www.dab.uts.edu.au](http://www.dab.uts.edu.au)

## WHAT'S GREAT ABOUT UTS:DESIGN, ARCHITECTURE AND BUILDING

- State-of-the-art design facilities.
- Many lecturers with international recognition for their work.
- Opportunities to gain industry experience while you study.
- The chance to win national and international awards for your project.
- Courses regularly reviewed by industry advisory committees to ensure students are up-to-date with industry practice.

### Typical areas you can work in:

- Animation
- Architecture
- Broadcasting
- Design Consultancy
- Fashion/ Textile design
- Fashion Editing
- Furniture Design
- Industrial Materials Design
- Interior Design
- Photography
- Production Design
- Styling
- Urban Design

For UTS articulation requirements, please refer to pages 30-31.

# UTS:INSEARCH Engineering Pathways to UTS

The pathway you take into UTS will depend on your Academic qualifications

## PATHWAY 1

### YEAR 12

Accelerated - 8 Months: min ATAR of 65  
Standard - 12 Months: min ATAR of 62  
(Bonus points may apply)

**UTS:INSEARCH  
Diploma  
of Engineering**  
(8 or 12 months)

**UTS 2<sup>nd</sup> Year  
Bachelor of Engineering,  
Diploma in Engineering Practice**  
(choose your major)

## PATHWAY 2

### YEAR 11/12

Successful completion  
of Year 11 with  
superior grades  
(Bonus points may apply)

**UTS:INSEARCH  
UTS Foundation  
Studies (Physical  
Sciences Stream)**  
(8 months)

**UTS:INSEARCH  
Diploma  
of Engineering**  
(8 or 12 months)

**UTS 2<sup>nd</sup> Year  
Bachelor of Engineering,  
Diploma in Engineering Practice**  
(choose your major)

## UTS FOUNDATION STUDIES (PHYSICAL SCIENCES)

The UTS Foundation Studies (Physical Sciences) program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Physical Sciences Stream, students study the following subjects:

- Academic English for Science and Technology
- Digital Literacies
- Chemistry
- Mathematics B
- Physics

CRICOS course code: 068815K  
UTS course code: C30015

Please see pages 27-29 for UTS Foundation Studies entry requirements.

## UTS:INSEARCH DIPLOMA OF ENGINEERING

The UTS:INSEARCH Diploma of Engineering program is designed in collaboration with the UTS faculty of Engineering and Information Technology. This means the educational outcomes for students undertaking the Diploma of Engineering are equivalent to those of first year students studying a Bachelor of Engineering, Diploma in Engineering Practice at UTS.

Students can obtain direct entry into the 2<sup>nd</sup> year of the UTS Bachelor of Engineering degree, Diploma in Engineering Practice upon successful completion of their diploma with the required Grade Point Average.

Graduates of the Diploma of Engineering will have breadth, depth and complexity of the skills and knowledge to be able to participate in the planning, managing and reviewing of a range of solutions to problems in engineering environments. The Diploma of Engineering is offered as a Standard or Accelerated program.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a direct entry\* into the second year of a UTS Bachelor of Engineering degree, Diploma in Engineering Practice.

#### Stage 1

- Academic and Technical Communication
- Mathematical Modelling 1  
or  
Foundation Mathematics
- Physical Modelling

#### Stage 2

- Engineering Communication
- Mathematical Modelling 2  
or  
Mathematical Modelling 1
- Networking Essentials

#### Stage 3

- Chemistry 1
- Informatics: Visual Basic  
or  
Programming Fundamentals
- Introduction to Electrical Engineering  
or  
Statics

\*Subject to successful completion of the diploma with the required Grade Point Average.

CRICOS course code: 070304D

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Technical Communication
- Chemistry 1
- Mathematical Modelling 1  
or  
Foundation Mathematics
- Networking Essentials
- Physical Modelling

#### Stage 2

- Engineering Communication
- Informatics: Visual Basic  
or  
Programming Fundamentals
- Introduction to Electrical Engineering  
or  
Statics
- Mathematical Modelling 2  
or  
Mathematical Modelling 1

CRICOS course code: 070305C

## UTS:ENGINEERING

UTS:Engineering is widely regarded as Australia's leader in practice-based engineering education. The faculty offers a wide range of courses across many fields of study.

Courses are a combination of academic study and guided experience in real workplace settings – meaning that UTS engineering graduates are taught skills that current employers want.

[www.eng.uts.edu.au](http://www.eng.uts.edu.au)

## WHAT'S GREAT ABOUT UTS:ENGINEERING?

- International recognition through accreditation by Engineers Australia.
- Gain extensive industry experience as part of the Diploma in Engineering Practice.
- Graduate salaries and employment rates that are well above the national average.
- International opportunities include global exchange program, combined your degree with international studies or even do one of your internships overseas.

### Typical areas you can work in:

- Civil Engineering
- Design Engineering
- Electrical Engineering
- Environmental Engineering
- Information and Communication Technology
- Mechanical Engineering
- Mechatronics Engineering
- Product Planning and Strategy
- Project Management
- Policy Development
- Robotic Manufacturing

For UTS articulation requirements, please refer to pages 30-31.

**UTS:INSEARCH Diploma of Engineering can lead to the 2<sup>nd</sup> year of study of the following bachelor degree at UTS:**

- **UTS Bachelor of Engineering, Diploma in Engineering Practice** majoring in: Civil (with specialisations in Construction and Structural Engineering), Civil and Environmental, Electrical, Information and Communication Technologies (with sub-majors in Computer Systems, Software and Telecommunications Engineering), Innovation, Mechanical or Mechanical and Mechatronics and no specified major.

# UTS:INSEARCH Information Technology Pathways to UTS

The pathway you take into UTS will depend on your Academic qualifications

## PATHWAY 1

### YEAR 12

Accelerated - 8 Months: min ATAR of 65  
Standard - 12 Months: min ATAR of 62  
(Bonus points may apply)

### UTS:INSEARCH

**Diploma of  
Information  
Technology**  
(8 or 12 months)

### UTS 2<sup>nd</sup> Year

**Bachelor of Science in IT, Dip in IT Professional Practice;  
or Bachelor of Business, Bachelor of Science in IT**  
(choose your major)

## PATHWAY 2

### YEAR 11/12

Successful completion  
of Year 11 with  
superior grades  
(Bonus points may apply)

### UTS:INSEARCH

**UTS Foundation  
Studies (Information  
Technology Stream)**  
(8 months)

### UTS:INSEARCH

**Diploma of  
Information  
Technology**  
(8 or 12 months)

### UTS 2<sup>nd</sup> Year

**Bachelor of Science in IT,  
Dip in IT Professional Practice;  
or Bachelor of Business,  
Bachelor of Science in IT** (choose your major)

## UTS FOUNDATION STUDIES (INFORMATION TECHNOLOGY)

The UTS Foundation Studies (Information Technology) program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Information Technology Stream, students study the following subjects:

- Academic English for Science and Technology
- Digital Literacies
- Mathematics A
- Multimedia
- Programming

CRICOS course code: 068815K  
UTS course code: C30015

Please see pages 27-29 for UTS Foundation Studies entry requirements.

## UTS:INSEARCH DIPLOMA OF INFORMATION TECHNOLOGY

The UTS:INSEARCH Diploma of Information Technology program is designed in collaboration with the UTS faculty of Engineering and Information Technology. This means the educational outcomes for students undertaking the Diploma of Information Technology are equivalent to those of first year students studying a Bachelor of Science in Information Technology, Diploma in Information Technology Professional Practice at UTS.

Students can obtain direct entry into the 2<sup>nd</sup> year of the UTS Bachelor of Science in Information Technology, Diploma in Information Technology Professional Practice degree upon successful completion of their diploma with the required Grade Point Average.

Graduates of the Diploma of Information Technology will have the necessary technical skills to be able to analyse system problems and identify solutions, construct basic networks and write object-oriented codes. Graduates will also be able to communicate effectively using written, verbal and visual techniques, and to operate professionally and ethically in an information technology and business environment. The Diploma of Information Technology is offered as a Standard or Accelerated program.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a direct entry\* into the second year of a UTS Information Technology degree.

#### Stage 1

- Academic and Information Technology Communication
- Introduction to Information Systems
- Programming Fundamentals

#### Stage 2

- Business Requirements Modelling
- Networking Essentials
- Web Systems

#### Stage 3

- Applications Programming
- Collaborative Business Processes
- Database Fundamentals

\*Subject to successful completion of the diploma with the required Grade Point Average.

CRICOS course code: 053604M

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Information Technology Communication
- Introduction to Information Systems
- Networking Essentials
- Programming Fundamentals
- Web Systems

#### Stage 2

- Business Requirements Modelling
- Collaborative Business Processes
- Applications Programming
- Database Fundamentals

CRICOS course code: 070299G

**UTS:INSEARCH Diploma of Information Technology can lead to the 2<sup>nd</sup> year of study of the following bachelor degrees at UTS:**

- UTS Bachelor of Science in Information Technology, Diploma in Information Technology Professional Practice
- UTS Bachelor of Business, Bachelor of Science in Information Technology (combined degree)

## UTS:INFORMATION TECHNOLOGY

UTS:Information Technology is one of the most prestigious providers of Information Technology education in Australia with a hands-on approach to teaching, enhanced by extensive research. Undergraduate programs are closely aligned with current industry practice, giving students the cutting-edge knowledge and skills sought after by employers. In addition, all students have the opportunity to undertake a one-year paid internship.

[www.it.uts.edu.au](http://www.it.uts.edu.au)

## WHAT'S GREAT ABOUT UTS:INFORMATION TECHNOLOGY?

- Practice based IT education with the opportunity to undertake internships.
- A mix of business and essential IT skills.
- Scholarship opportunities.
- Outstanding facilities in a wireless and network connected building, with remote and 24/7 access to the IT building and IT computer labs.

### Typical areas you can work in:

- Business Analysis
- Computer Animation
- Consultancy
- Information Systems Management
- Programming
- Project Management
- Software Development
- Systems Analysis and Design
- Web Development

For UTS articulation requirements, please refer to pages 30-31.

# UTS:INSEARCH Science Pathways to UTS

The pathway you take into UTS will depend on your Academic qualifications

## PATHWAY 1

### YEAR 12

Accelerated - 8 Months: min ATAR of 65  
Standard - 12 Months: min ATAR of 62  
(Bonus points may apply)

Diploma of Science**  
(8 or 12 months)

**UTS 1<sup>st</sup> or 2<sup>nd</sup> Year**  
(entry point depends on your major\*)  
**Bachelor of Science**  
(choose your major)

## PATHWAY 2

### YEAR 11/12

Successful completion  
of Year 11 with  
superior grades  
(Bonus points may apply)

**UTS:INSEARCH  
UTS Foundation Studies  
(Physical Sciences or Nursing and  
Health Sciences Stream)**  
(8 months)

**UTS:INSEARCH  
Diploma of Science**  
(8 or 12 months)

**UTS 1<sup>st</sup> or 2<sup>nd</sup> Year**  
(entry point depends on your major\*)  
**Bachelor of Science**  
(choose your major)

\*The point where you enter into the UTS degree will depend on your chosen major – refer to the next page for full credit points.

## UTS FOUNDATION STUDIES (PHYSICAL SCIENCES OR NURSING AND HEALTH SCIENCES)

The UTS Foundation Studies (Physical Sciences or Nursing and Health Sciences) program prepares you for university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas or, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Physical Sciences Stream or Nursing and Health Sciences stream, students study the following subjects:

- Academic English for Science and Technology
- Digital Literacies
- Chemistry
- Mathematics B (Physical Sciences)
- Physics (Physical Sciences)
- Mathematics A (Nursing and Health Sciences)
- Society and Culture (Nursing and Health Sciences)

CRICOS course code: 068815K  
UTS course code: C30015

Please see pages 27-29 for UTS Foundation Studies entry requirements.

## UTS:INSEARCH DIPLOMA OF SCIENCE

The UTS:INSEARCH Diploma of Science program is designed in collaboration with the UTS Science. This means the educational outcomes for students undertaking the Diploma of Science are almost equivalent to those of first year students studying a Bachelor of Science at UTS. Our Diploma of Science enables students to enter into the first year of the science degree with up to 42 credit points.\*

Students who successfully complete the Diploma of Science will understand the practical uses of science and engineering and learn basic skills in the core areas. Students will also know how to apply and communicate science both professionally and scientifically. They will have the breadth, depth and complexity of skills and knowledge to be able to plan, manage and review a range of solutions to problems in scientific environments. The Diploma of Science is offered as a Standard or Accelerated program.

\*Please see below for full credit point listings.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a direct entry\* into the first or second year of a UTS Science degree.

#### Stage 1

- Academic and Technical Communication
- Mathematical Modelling 1  
or  
Foundation Mathematics
- Physical Modelling

#### Stage 2

- Engineering Communication
- Mathematical Modelling 2#  
or  
Mathematical Modelling 1
- Networking Essentials

#### Stage 3

- Statics
- Chemistry 1
- Informatics: Visual Basic

\*Subject to successful completion of the diploma with the required Grade Point Average.

CRICOS course code: 070302F

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

- Engineering Communication
- Informatics: Visual Basic
- Mathematical Modelling 2#  
or  
Mathematical Modelling 1
- Statics

CRICOS course code: 070301G

### UTS:INSEARCH Diploma of Science can lead to the 1<sup>st</sup> year of study of the following bachelor degrees at UTS:

- **UTS Bachelor of Science** majoring in: Applied Chemistry (42 credit points#); Applied Physics (42 credit points#); Chemical Sciences (42 credit points#); Nanotechnology (42 credit points#); Mathematics (42 credit points); Statistics (42 credit points); Environmental Forensics (36 credit points); Environmental Biology (36 credit points); Environmental Sciences (36 credit points); Marine Biology (36 credit points); Biotechnology (36 credit points); Biomedical Science (36 credit points); Medical Science (36 credit points); Medical and Molecular Biosciences (36 credit points); Physics and Advanced Materials (42 credit points#)
- **UTS Bachelor of Forensic Science in Applied Chemistry (18 credit points)\***
- **UTS Bachelor of Forensic Biology in Biomedical Science (12 credit points)\***
- **UTS Bachelor of Mathematics and Computing (6 credit points)\***
- **UTS Bachelor of Mathematics and Finance (6 credit points)\***

# Students who complete Mathematical Modelling 2 and major in Applied Chemistry, Applied Physics or Nanotechnology at UTS can receive advanced standing of 48 credit points.

\* Credit points awarded over course duration

## UTS:SCIENCE

UTS:Science teaches undergraduate courses differently. It believes the only successful way to learn real science and technology is to experience it firsthand. It offers a strong hands-on learning environment, combined with in-depth contemporary theory. Students are also exposed to cutting-edge scientific technology in state-of-the-art science facilities.

[www.science.uts.edu.au](http://www.science.uts.edu.au)

### WHAT'S GREAT ABOUT UTS:SCIENCE?

- Choice of 11 specialisations.
- Sydney's only Biomedical Science course accredited by the Australian Institute of Medical Scientists.
- World-class facilities with cutting edge specialist laboratories and home to the Delta Vision 3D OMX, Super-resolution Microscope, (one of only two in the world).
- Internationally recognised lecturers with industry knowledge and experience.
- New building in 2014.

#### Typical areas you can work in:

- Biomedical Research
- Clinical Pathology
- Consultancy (in your specialised area)
- Environmental Research
- Fisheries Management
- Forensics
- Marine Biology
- Mathematics
- Physics
- Quarantine Control
- Stock Market Analysis
- Teaching

For UTS articulation requirements, please refer to pages 30-31.

INTERNATIONAL BACCALAUREATE	Year 2 of the Diploma with 12 points in 4 subjects	24	23	

## BONUS POINTS

If you have completed the NSW Higher School Certificate (HSC) examination but have not achieved the minimum ATAR requirement needed for a UTS:INSEARCH diploma, you may be eligible to receive bonus points which could result in an offer being made. UTS:INSEARCH offers bonus points because we believe a student's ability to undertake a particular course should be determined by their performance in subjects relevant to the course they are applying to and not just on their ATAR alone.

# Articulation Requirements - UTS:INSEARCH Diploma to UTS Undergraduate Degree

Domestic students who satisfactorily complete a UTS:INSEARCH Diploma are eligible for a Commonwealth Supported Place (CSP) and an offer from UTS if they meet the academic requirements below. If domestic students do not meet the GPAs below, then they may also have the opportunity to compete with other non-current school leavers for the offer of a Commonwealth Supported Place (CSP) at UTS. Please note that the target GPA is based on the year that a student commences their UTS:INSEARCH Diploma. The GPA requirements below are for students commencing their UTS:INSEARCH diploma in 2013.

## ARTS AND SOCIAL SCIENCES

**FASS** - Arts and Social Sciences

# Frequently Asked Questions (FAQ's)

When applying and enrolling at UTS:INSEARCH

Even after reading through our website and this guide, we understand you may still have some additional questions about the application and enrolment process. You may find some of the answers to these below. If you have any additional admissions related questions please contact the Student Admissions Team (see back cover for contact details).

## What is the definition of a Domestic student?

If you are an Australian or New Zealand Citizen or hold an Australian Permanent Resident (PR) visa, you are classified as a Domestic Student. This is regardless of where you have studied and what qualifications you may have.

## What is FEE-HELP?

FEE-HELP is an initiative of the Australian Government that allows eligible students not receiving government support to study now and pay later for their tertiary education. FEE-HELP is a loan from the Australian Government. FEE-HELP fees are paid directly to UTS:INSEARCH by the Commonwealth. Students repay their FEE-HELP debt through the tax system as soon as the student's income passes a certain level. UTS:INSEARCH is approved to offer the FEE-HELP loan scheme to eligible students.

A loan fee of 25% is levied by the Australian Government on Diploma FEE-HELP loans.

- There is no loan fee for students accessing FEE-HELP for the UTS Foundation Studies Program
- There is no application charge

## Who is eligible for FEE-HELP?

Only Australian citizens or holders of an Australian Permanent Humanitarian Visa are eligible. If students are eligible and wish to apply for FEE-HELP, they should contact the UTS:INSEARCH student centre to obtain a Request for FEE-HELP assistance form and information pack.

## How do I apply for FEE-HELP?

To secure your place at UTS:INSEARCH you must either pay your fees upfront as a non FEE-HELP student or complete and return the Request for FEE-HELP Assistance form to UTS:INSEARCH Student Centre prior to semester commencement. Places in some courses are limited so an early response is desirable to secure a place.

Please note a tax file number is required to complete the Request for FEE-HELP Assistance form. Full details of the loan scheme can be found on the Australian Government's Study Assist website ([www.studyassist.gov.au](http://www.studyassist.gov.au)).

## What is the turn-around time for processing applications?

Complete applications are processed within 48 hours.

### What documentation do I need to supply with my application?

You must supply certified copies of the following documents:

- Your transcript of studies showing subjects and result.
- Any certificate (once the qualification has been completed).
- A copy of the grading scale where available.
- Copy of your passport. If you do not have a passport please provide a copy of your Australian birth certificate or your Australian citizenship certificate.

Other documents may include resume, details of relevant work experience, references, etc.

### Can I still apply even if I don't have all my certified documents with me?

UTS:INSEARCH can still process your application even if you haven't got all of the relevant documents you need. We will provide you with a provisional offer. Once all required documents have been received a full offer can be provided.

### Why should I apply early?

Students should apply early to receive an offer. Accepting the offer by payment of fees will secure the place in their desired course of study.

### Am I eligible for bonus points?

Students who have completed the Australian Higher School Certificate (HSC) may be eligible for BONUS POINTS if they do not have the required ATAR to get into one of our programs. Make sure you check with our admissions team to find out more.

### Where can students find information on course timetables?

Information on lecture and tutorial times is posted on the student intranet. Access will be provided during Orientation Week.

### How can a student withdraw from UTS:INSEARCH after commencement of their course?

If a student decides to withdraw from their studies at UTS:INSEARCH they should first speak to staff in the Student Centre office or Academic Advisers. Where an approval to withdraw is granted, they will need to return their student card after first returning all resources to the library. All students wishing to withdraw are subject to the UTS:INSEARCH conditions of enrolment. For further information, please visit the UTS:INSEARCH Student Centre.

# How Can I Apply?

**Step 1** Send a completed and signed UTS:INSEARCH Domestic Student Application Form (located on our website), along with certified copies of academic transcripts to:

UTS:INSEARCH Student Admissions  
PO Box K1085 Haymarket  
NSW 1240, Australia

Or email: [registrar@insearch.edu.au](mailto:registrar@insearch.edu.au)

Applications may be sent through an authorised UTS:INSEARCH representative

Or

Brought directly to:

UTS:INSEARCH Student Centre  
Ground Floor, 187 Thomas Street (corner of Thomas and Quay Sts)

**Step 2** You will receive notification of the outcome of your application. Notification will include an offer (or provisional offer) for the course and details of fees.

**Step 3** To accept this offer and secure your place at UTS:INSEARCH you should:

a. Forward the completed Acceptance form contained in your offer letter with payment by bank cheque to the above address;

Or

b. Contact UTS:INSEARCH Student Centre to obtain a Request for FEE-HELP Assistance Form and information pack. Then give UTS:INSEARCH Student Centre staff your completed Acceptance form when submitting your application for FEE-HELP.

FEE-HELP is an Australian Government initiative that allows Australian citizens or holders of an Australian permanent Humanitarian Visa to study now and pay later, through the taxation system. A loan fee of 25% applies for diploma courses of study.

For more information on FEE-HELP please visit [www.studyassist.gov.au](http://www.studyassist.gov.au)

**Step 4** Early application and either payment of fees or submission of a Request for FEE-HELP Assistance Form (if you decide to use the FEE-HELP loan scheme) is desirable to secure a place in the course.

**Step 5** For more detailed information regarding enrolment at UTS:INSEARCH, please read the Domestic Application Form or contact UTS:INSEARCH Student Centre  
T +61 2 9218 8666 E [StudentCentre@insearch.edu.au](mailto:StudentCentre@insearch.edu.au)
