# PATHWAYS

INSEARCH offers general and academic English courses that meet a broad range of language needs. These courses lead to INSEARCH diploma studies or UTS Bachelor degrees, masters and PhDs.

# LIVING IN SYDNEY

## BEST CITY

Sydney is one of the world's most vibrant and youthful cities. Blessed with a magnificent climate, cosmopolitan lifestyle and a diverse, tolerant population, Sydney attracts students from all over the world.

It's easy to see why Sydney has been voted "Best City" for three consecutive years by two leading international travel publications. Just take a look out over the spectacular harbour from the boardwalk of the world-renowned Opera House, or visit Bondi, the seaside village set along one of the best beaches in the world. Then stroll through one of the many harbour side parks rich with native birdlife.

## CULTURE AND COMMERCE

Sydney's lifestyle is defined by cultural diversity. People from over 180 countries speaking around 140 languages are welcomed in a population of over five million. This means that Sydneysiders enjoy an outstanding range of ethnic food, clubs and festivals, cinema and theatres, Aboriginal arts and culture, museums and music venues. Sydney is also a shopping paradise.

Australia's largest city, Sydney is also the major business hub. More regional headquarters of multi-national companies from the Asia-Pacific region are set up in Sydney than in any other city in Australia.

## EASY ACCESS

INSEARCH is ideally located in cosmopolitan Chinatown, next door to the commercial centre of Sydney and Sydney's main train terminal, Central Station. Clean modern trains, buses and ferries are at the doorstep and many attractions are within walking distance.

# IMPORTANT RULES

## STUDENT CARD

During the first week of term you will receive a student identification card. Student cards will be available every day Mondays to Fridays from 9am – 5pm. You should always carry this card while you are at INSEARCH and you will need to show your card to use the Learning Centre. Your teachers, INSEARCH Administration, or security staff may ask to see this card as a form of identification. You will need your student number to log on to the computers. You will also need to show your card when using UTS sports facilities.

If you have lost or misplaced your student card, please go to INSEARCH Student Services and a replacement card will be issued at a cost of \$20.

## ATTENDANCE

You are expected to attend all classes. This is not only a requirement of INSEARCH, but also a regulation of the Australian government. If your attendance drops below 80%, INSEARCH is required to advise the Department of Immigration and Citizenship (DIAC). This could result in the cancellation of your visa. It is important that you attend classes otherwise you will be marked absent. Attendance is marked 15 minutes into each 2 hour lesson. Late students are marked absent. If you are not on the class roll, you must see ELT Administration immediately. Personal reasons such as family matters are not valid reasons for missing any classes. If unsure, consult with staff in Student Services.

If you are absent from class because you are sick, please ask a registered medical practitioner for a medical certificate which gives a reason for your illness and the number of days it will take for you to recover. The medical certificate must include the doctor's provider number. Absence due to illness whether with a medical certificate or without is still considered an absence.

Take the medical certificate to Student Services, 10 Quay Street on the first day back after your absence. Late or back dated certificates will not be accepted. You will be marked absent for all sessions you are not in class.

## LEAVE

After 20 weeks of continuous study you may, if you want, take five-weeks leave. This leave must be taken within one term. Permission is not automatic, but must be requested. If you decide you would like to take leave from your studies, please see the ELT Academic Adviser, at level 4, 187 Thomas Street, to obtain a leave application form. You must return the completed form back to ELT Academic Adviser no later than Friday of Week 4 of the term before you want leave.

It is important to be sure INSEARCH approves your leave. If you take leave without approval your name will appear on the class list and you will be marked absent for the period you are away. This will impact on your attendance, your visa and your fees.

Scholarship holders will require written permission from their government before a leave application can be considered.

## WITHDRAWAL FROM INSEARCH

If you have decided to withdraw from your studies at INSEARCH you should first speak to staff in the Student Services office or Academic Advisers. Where an approval to withdraw is granted you will need to return your student card. All students wishing to withdraw are subject to the INSEARCH conditions of enrolment. For further information, please visit INSEARCH Student Services.

## INTERNATIONAL STUDENTS

In some situations international students may be required to return overseas after withdrawing.

Where approval to withdraw is granted, INSEARCH is required to advise DIAC of this change in your enrolment status. Students on UTS package visas will need to contact the UTS International Office to alert them to this change in study plans.

## WORKING WHILE STUDYING

A focus on study is important but we recognise that some students may want to work part-time. Working arrangements need to be fitted in and around your study commitments.

International students may be restricted by visa condition 8101 which prevents them from undertaking any work.

On arrival in Australia, international students who do not have work remain on their student visa. Once they have commenced their course at INSEARCH, they can obtain a letter confirming their enrolment from Student Services. This letter must be taken to the DIAC office where a new visa can be provided which will give students permission to work. Under no circumstances must any international student undertake work unless they have applied to DIAC to have visa condition 8101 (no work condition) removed from their visa. Failure to seek permission to work from DIAC will lead to visa cancellation.

Full-time students may work part-time (maximum 20 hours per week) while studying. On holidays, students may work more hours.

Part-time work must not interfere with your studies. Full-time students must be available to attend English classes between 8.30am and 6.00pm.

# REGULATIONS

Regulations applying to international students from the Department of Immigration and Citizenship (DIAC), Department of Education, Employment and Workplace Relations (DEEWR) and Australia Education International (AEI).

The English language program offered at INSEARCH is an English language intensive course for overseas students (ELICOS) and is delivered according to Australian Government laws, national codes and regulations relating to international students studying in full-time English language courses in Australia.

These laws, national codes and regulations are defined, enacted and monitored by:

1. The Department of Immigration and Citizenship  
[www.immi.gov.au](http://www.immi.gov.au)
2. The National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas students 2007 The National Code 2007  
[www.aei.gov.au/AEI/CmsTemplates/GeneralTemplates/ContentPage](http://www.aei.gov.au/AEI/CmsTemplates/GeneralTemplates/ContentPage)
3. The Education Services for Overseas Students (ESOS) Act 2000  
[www.aei.gov.au/AEI/ESOS](http://www.aei.gov.au/AEI/ESOS)

## COURSES OF STUDY

Full-time English courses undertaken by overseas students in Australian education institutions must be registered nationally on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). The registration of a course must include the expected duration of the course. A course will not be registered on CRICOS unless it meets the relevant Australian Qualifications Framework requirements.

### Course Duration for Full-time English (CRICOS) courses

Following an application for a full-time English course, overseas students are issued a Confirmation of Enrolment (CoE) letter with an offer of a number of weeks of English language provision.

This offer is an indication only of duration of study.

The study duration will vary according to each student's learning goals and will be reflected in the **expected duration of study** specified on the student's CoE.

Some education institutions use IELTS or TOEFL results to estimate course duration and for placement of students in English language courses.

International students who do not have an IELTS or TOEFL result are placed in an appropriate course when they arrive in Australia after completing a placement test at their chosen education institution. The placement test will give a more accurate estimate of course duration.

## TRANSFERS BETWEEN REGISTERED PROVIDERS – CHANGING INSTITUTIONS

The National Code 2007 Standard 7

It is possible to transfer from one provider (education institution) to another after 6 months at the original provider.

To transfer from an existing or original provider to a new provider before completing 6 months of study at the original provider, a student must:

1. obtain a release letter from the original provider
2. and then obtain approval for student to transfer from student's sponsor

The receiving provider (education institution) can only enrol a student if a release letter and a letter of approval from student's sponsor is provided.

## COURSE PROGRESS

The National Code 2007 Standard 10

Assessments including assignments, progress tests and formal examinations are set at regular intervals throughout a student's enrolment.

Where students are thought to be at risk of not meeting course requirements, they are notified and offered counselling and assistance to help ensure they can make satisfactory progress.

## ATTENDANCE

The National Code 2007 Standard 11

DIAC international student visa condition 8202 states that a student must maintain satisfactory attendance in the course of study and satisfactory course progress for each study period.

Attendance is recorded for scheduled course contact hours.

Overseas students must attend at least 80% of the scheduled course contact hours.

Students who have been identified at risk of not meeting minimum course attendance requirements will be notified in writing, and counselled.

Where a student has been identified as not meeting minimum course attendance requirements, the Secretary of DEEWR will be notified.

This information is also electronically transmitted to DIAC.

DIAC may cancel a student's visa when the provider reports the student for unsatisfactory attendance. DIAC does not assess whether a breach has occurred. However, DIAC will retain the ability to consider exceptional circumstances as to why the visa should not be cancelled.

For more information please see:  
[http://aei.gov.au/AEI/ESOS/NationalCode/ExplanatoryGuide/PartD/Standard\\_11.htm](http://aei.gov.au/AEI/ESOS/NationalCode/ExplanatoryGuide/PartD/Standard_11.htm)

## DEFERRING, SUSPENDING OR CANCELLING THE STUDENT'S ENROLMENT

The National Code 2007 Standard 13

<b>Deferral</b>	postponement of the commencement of enrolment.
<b>Suspension</b>	temporary postponement of enrolment.
<b>Cancellation</b>	cessation of enrolment.
<b>Leave of Absence</b>	a request by a student to temporarily postpone study after the commencement of the study period.

In certain limited circumstances, students are allowed to defer commencement (late commencement) of their studies or temporarily suspend their studies, including taking leave of absence, during their course of studies, through a formal agreement with the provider.

Deferral, suspension or cancellation of enrolment may affect the student visa.

# ENGLISH COURSES INTRODUCTION

## ENGLISH LANGUAGE EXPERTS

From orientation to graduation, INSEARCH ensures that you receive the best English tuition. We are one of the largest and most respected university language centres in Australia. We are proud of our reputation for quality courses, dedicated teachers and support services. All teachers are highly qualified, experienced and helpful. Past students report that they found the INSEARCH environment stimulating, challenging and rewarding.

You will learn English actively. This means that you will hear, speak, read and write only English from day one. Active learning is the key method at INSEARCH and the cornerstone of our success.

## ENGLISH ENTRY LEVEL

IELTS and TOEFL test scores act as a guideline to place you at the correct level to start your course. If you do not have an IELTS or TOEFL test score you will be asked to do a short placement test.

Estimating the number of weeks you need to study English depends on your current language level and your ultimate academic goal.

For more information about English entry requirements, please see the guidelines on page 13.

## COURSE CONTENT

Though course content changes in each level, all English courses are aimed at improving students' abilities in the areas of writing, reading, speaking and listening. This is done with the use of videos, DVDs, interactive computers, audio-tapes, role-plays, group work, seminars, classroom assignments as well as other teaching tools. We emphasise academic skills to make sure you are well prepared for university.

Each English level runs for one five-week term with 100 hours of face-to-face tuition (or 20 hours per week). You are expected to spend an additional five hours per week in self-access learning in the INSEARCH Learning Centre, where English language teachers are on hand to help you, including the IELTS Tutor, and Discussion Groups.

All levels in the English course are supported by additional computer assisted material (Computer Assisted Language Learning – CALL) and activities for language development and consolidation, both in class and also for self study outside class times:
