

Make it Happen

2015/2016 INTERNATIONAL STUDENT GUIDE

Welcome to UTS:INSEARCH

At UTS:INSEARCH we offer you the leading pathway to the University of Technology, Sydney UTS and help you to develop the knowledge, experience and skills that enable you to succeed at university and beyond.

UTS:INSEARCH has created an environment where students can thrive.

Through the six levels of our Academic English program, we can offer you pathways to both undergraduate and postgraduate studies that match your current English language ability.

We deliver the UTS Foundation Studies program on behalf of UTS and our Diploma courses are taught in state-of-the-art facilities with small classes, by teachers who really understand the needs of students. Importantly, we work closely with UTS to ensure your studies prepare you for your next step.

Each year our students tell us that our courses, facilities, support and teachers are exceptional, and our approach helps students to learn and participate confidently in all aspects of higher education and university life.

Today you can take your first steps towards your goal of studying at UTS and building a successful career. Becoming a student of UTS:INSEARCH means we will be there with you, helping you to succeed.

Alex Murphy
Managing Director
UTS:INSEARCH

The University of Technology, Sydney (UTS), one of Australia's leading universities, is undergoing a huge transformation as a distinctive and innovative learning and research hub through our stunning \$1.2 billion campus building program.

We are consistently rising in the major international rankings, and have achieved a QS 5 Star Ranking and 24th position in the Times Higher Education, "100 Most International Universities 2014", demonstrating our quality and commitment to developing global citizens.

UTS aspires to be a world-leading university of technology, and we are well positioned to achieve our powerful visions for research, dynamic interactive learning and pre-eminent reputation for engagement with industry and employers.

We warmly welcome the thousands of students who join us via UTS:INSEARCH to become part of our vibrant and diverse community of students.

Uniquely, UTS:INSEARCH's courses are closely aligned with our programs to ensure you are well prepared for tertiary studies at UTS.

We look forward to welcoming you to UTS:INSEARCH and UTS.

About the University of Technology, Sydney (UTS)

UTS offers international, innovative and industry-relevant education in the heart of the global city of Sydney

Credit: Durbach Black Jaggers and BVN Architecture (Artist Impression)

Why choose UTS?

UTS is a contemporary university with a global perspective. UTS is implementing its vision to be a world-leading university of technology and is known for its focus on innovation, creativity, strong research performance and close links with industry. With a state-of-the-art campus and world-class facilities, UTS is preparing students to become global thinkers, leaders and innovators.

Study at one of the most innovative campuses in Australia

UTS is creating a vibrant campus of the future that is delivering an iconic and pedestrian-friendly place to study. The new buildings, renovated facilities and increased public spaces encourage students to collaborate, interact and socialise.

The new Engineering and IT Building is home to the most advanced data arena facility in Australia, a disruptive technology lab and software development studio. The new Science and Graduate School of Health Building features the latest advanced laboratories, including a 'super lab', one of only two in Australia. The Dr Chau Chak Wing Building, designed by world-famous architect Frank Gehry, will be home to the UTS Business School and features innovative teaching and learning spaces.

UTS's industry partnerships offer students the opportunity to engage with experts

Teaching excellence

UTS's model of learning encourages dynamic teaching, integrating theory with practice to deliver a real-world education across many platforms of learning. Many teachers are experts in their professional field, enriching the learning experience with access to the most current industry expertise and networks.

Practice-oriented education

Leading industry professionals regularly help develop and review

UTS courses to provide a balance between theory and contemporary practical application. UTS courses include major projects, real-life case studies, extensive group work and field-trips which help students place their knowledge in a real-world context. Professional placements and work experience subjects also equip students with valuable practical skills.

Industry connections

UTS maintains strong relationships with local industry and the professions. More than 150 companies partner with UTS, sharing their resources and providing expertise. UTS's industry partnerships offer students the opportunity to engage with experts and access cutting-edge facilities on campus. Industry advisory committees also help shape course content to ensure students are learning current and industry best practice.

A Top 100

university in the world for communication and media studies; and accounting*.

A Top 150

university for civil and structural engineering; computer science and information systems; and economics*.

*QS World Subject Rankings 2014

AACSB Accreditation

One of the few business courses worldwide that have Accreditation by the Association to Advance Collegiate Schools of Business.

Excellent support

UTS provides comprehensive support services for international students, including English language and academic support, a multi-faith prayer room, counselling, Financial Assistance Services and health and housing services.

The UTS Careers Service can help students with their career development through a wide range of services and programs designed to maximise employability.

UTS students are encouraged to join the university's flagship 'Beyond UTS international leadership development' (BUiLD) program, which is free to join and open to all students. BUiLD students have the opportunity to develop their leadership skills and networks through a variety of action-based initiatives that focus on social outcomes.

Research leadership

UTS has a focus on applied, impact-driven research and finding practical solutions to issues of national and international importance. UTS has established a global reputation for delivering research outcomes in the areas of business, health, sustainability and creative industries.

About UTS:INSEARCH

UTS:INSEARCH prepares students for entry into UTS, one of Australia's leading universities.

What our students say about us

Mia, Vietnam

"My time at UTS:INSEARCH was a truly memorable experience, I gained so much confidence in my own academic abilities."

Pratik, India

"The great teachers, the amazing support, the excellent learning facilities – all helped me prepare for my time at UTS."

In fact, at UTS:INSEARCH our purpose is to prepare students like you to succeed at UTS.

We offer leading Academic and General English programs, UTS Foundation Studies (on behalf of UTS), and a broad choice of higher education diplomas.

Why UTS:INSEARCH?

▶ **UTS:INSEARCH diplomas provide guaranteed entry* into UTS.**

In fact, depending on the course you choose you can fast track into the second year of your bachelor degree at UTS.

▶ **Strong connection with UTS**

Programs are designed in consultation with UTS faculties.

▶ **High record of success**

UTS:INSEARCH prepares students for entry into UTS and over 90% of our diploma graduates are eligible for direct entry into second year of a UTS degree.[^]

▶ **State-of-the-art facilities**

Students will learn in our newly renovated campus and also enjoy access to UTS facilities including a world-class library and 24 hour computer labs.

▶ **Supportive learning environment and caring culture**

Learn in small classes within a highly supportive learning culture that includes access to academic advisers, study skills workshops and supported learning initiatives.

*With no more than two subject failures and depending on what course you choose
^UTS:INSEARCH 2014 articulation tracking report

Why should you study at UTS:INSEARCH?

✓ **You want to attend UTS**

You want a pathway into UTS, one of Australia's leading universities.

✓ **You don't yet meet UTS entry requirements**

You want to study at UTS but don't yet meet the UTS academic or English entry requirements for direct entry.

✓ **You want to improve your English skills**

You need to improve your English to prepare for university study in Australia.

✓ **You want the best chance at university success**

You want the best chance of succeeding at university by studying in smaller classes where you can maximise your learning outcomes.

✓ **You want an easy transition**

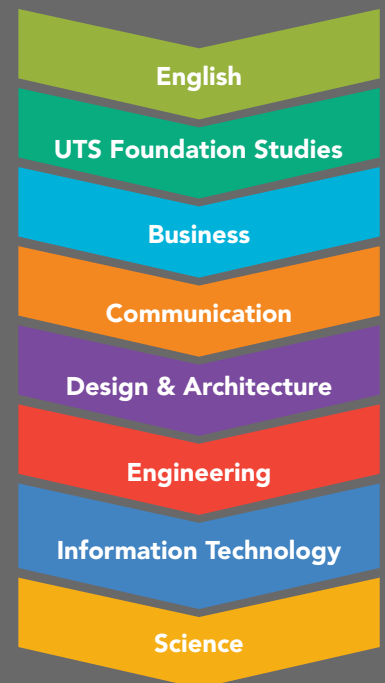

You want to make your transition into a new country and culture as easy as possible and want to become familiar with the Australian approach to learning.

Did you know?

Over 90% of UTS:INSEARCH students agree that they:

- ▶ gained the knowledge and skills they wanted
- ▶ felt teachers really cared about them
- ▶ would recommend UTS:INSEARCH to others

Choose your pathway:

Living and Accommodation in Sydney, Australia

As an international student it is estimated that a minimum of A\$19,760-A\$25,896 is required for living expenses for each academic year.* The tables below detail the approximate establishment and ongoing costs for a modest lifestyle while studying at UTS:INSEARCH and UTS in Sydney.*

Sydney Living Costs** (Approximate guide only)		Independent Accommodation		UTS Accommodation	
		Weekly	Annually	Weekly	Annually
RENT	 Rent per person in shared accommodation within a short commute to UTS:INSEARCH	AUD\$200 - AUD\$330	AUD\$10,400 - AUD\$17,160	AUD\$220 - AUD\$372	AUD\$11,440 - AUD\$19,344
FOOD	 Groceries (e.g. food, drinks, toiletries)	AUD\$100	AUD\$5200	AUD\$100	AUD\$5200
PHONE	 Internet/Phone (mobile)	AUD\$14	AUD\$728	Limited free access	Limited free access
GAS	 Gas/Electricity	AUD\$20	AUD\$1040	AUD\$16	AUD\$832
BOOKS	 Books/Supplies	AUD\$16	AUD\$832	AUD\$10	AUD\$520
TRAVEL	 Transport Costs to/from university	AUD\$30	AUD\$1560	Inclusive	Inclusive
Total estimated ongoing costs		AUD\$380 - AUD\$510	AUD\$19,760 - AUD\$26,520	AUD\$336 - AUD\$498	AUD\$17,472 - AUD\$25,896

Study and work

Having a part-time job is not just a great way to earn yourself some extra Australian dollars, it's also a great way to make new friends and if you need to, practise your English. As an international student studying in Australia you are entitled to work up to 40 hours per fortnight during each semester, and as many hours as you like during holidays.

The Department of Immigration and Border Protection (DIBP) advises that applicants for student visas require AUD\$18,610 per year for living expenses.**

*Source: <http://www.uts.edu.au/future-students/studying-uts/living-sydney>
**Source: <http://www.immi.gov.au/students/student-visa-living-costs.htm>

Accommodation

No matter what your lifestyle and budget, you will find a range of accommodation to suit your needs. Many international students find the UTS:INSEARCH Homestay Service a cost effective and convenient way to settle into their new home city. It means you can live in an Australian home and gain invaluable insight into the famous Aussie culture – as well as lots of opportunities to practise your English.

Find out more about Homestay by visiting our website insearch.edu.au/student-life/accommodation or email: homestay@insearch.edu.au

UTS:INSEARCH Location

UTS:INSEARCH is located in the heart of Sydney's central business district, within the UTS precinct and major transport. You can make new friends and experience student life in the heart of this vibrant city. With an assortment of cafes, galleries, theatres, nightlife and shops you have all you need for both your study and leisure time.

Student life, support, facilities and services at UTS:INSEARCH

UTS:INSEARCH offers an introduction to university life that will set you up for future study

You'll find a vast number of ways to enjoy yourself, keep busy and make friends both on campus and being located so close to Sydney's cosmopolitan attractions.

Activities Club

The UTS:INSEARCH Activities Club is a free student-led social group affiliated with the Activate UTS. It's fun and a great way to meet friends and get involved in exciting activities such

as movie nights, barbecues, sports competitions, language exchanges, excursions and much more.

ActivateUTS

As a UTS:INSEARCH student, you will automatically become a member of ActivateUTS. This means you get full access to hundreds of social clubs, events and sporting activities. Whether you are interested in photography, languages, politics, raising money for charity or sustainability, there is something on offer that will suit your interests.

Student Council

Would you like to become an ambassador? The UTS:INSEARCH Student Council is made up of members elected by students to represent students. It provides a forum to discuss all issues relating

to the student experience. You can become the voice of the students among the decision makers at UTS:INSEARCH.

City campus

As well as the many activities on campus and at UTS, UTS:INSEARCH has an invaluable location in the city with close proximity to major amenities. The main train station, Central Station, is very close to campus which allows easy access from almost anywhere in Sydney. There are also numerous options on our campus doorstep for eating, shopping, socialising and enjoying your time outside class.

Facilities and support services

Make the most of modern facilities, the latest technology and a range of dedicated student services – all there to help you discover your true potential in and outside the classroom.

Helping you learn

Enjoy the latest technology at your fingertips: All students have access to up-to-date student computer labs and high-speed wireless internet throughout the campus.

You can also make use of the latest innovations at UTS throughout your studies including iconic new buildings that house cutting edge facilities, research tools and collaborative spaces to help you learn.

Access a world-class library

As a UTS:INSEARCH academic student you can access the UTS library - only the second of its kind in Australia to house a Library Retrieval System. The LRS is an underground storage facility for up to 900,000 of the university's physical collection.

Ongoing academic support

- ▶ **Dedicated Academic Advisers:** We have a number of academic advisers committed to giving help and support. They will encourage you with your studies, help you with your career path and can assist you with any personal difficulties.
- ▶ **Study skills classes:** During Orientation Week (at the start of each semester), special study support workshops are held for students wanting to get a head start in their studies.

- ▶ **Extra learning support:** UTS:INSEARCH education will be rolling out a number of extra initiatives to further support you in your learning. Academic Advisers will provide information throughout your studies.

General support

- ▶ **The Student Centre:** There to assist you with all matters related to your studies.
- ▶ **Security:** Campus security is provided in all UTS:INSEARCH buildings to ensure your safety and to provide instant support should it ever be called upon.
- ▶ **Prayer rooms:** Dedicated multi-faith prayer rooms are available on campus where you can worship in privacy.
- ▶ **Counselling services:** Confidential counselling is available at UTS if you ever need to talk to someone about your problems, such as academic, study, finance or personal problems.
- ▶ **Health services:** All students can seek health and medical assistance from UTS Health Services.

UTS:INSEARCH Pathways

We have the courses to get you there

The pathway you take into UTS will depend on your English proficiency and academic qualifications. For Academic and English entry requirements please refer to pages 63 - 67 of this guide.

Pathway 1

Pathway 2

Pathway 3

[^]Only for students who do not meet the English requirements needed to enter a UTS:INSEARCH academic program.

*Based on no more than two subject failures. The point where you enter into a UTS degree will depend on your chosen major. Not all majors will take you into second year. Please refer to the individual course pages within this guide for full credit point details.

[#]This pathway is only for successful students who achieve the required Grade Point Average (GPA). Please see the articulation table on pages 68 - 73 for details.

Meet Elena

"I gained English skills in essay and report writing..."

Elena, Russia

"Studying at UTS:INSEARCH helped prepare me for the education system in Australia, which is very different to my home country. I gained English skills in essay and report writing and giving effective presentations to the class. So thanks to my time at UTS:INSEARCH, I was confident by the time I got to UTS."

Pathway

UTS:INSEARCH Academic English graduate

Now studying UTS Master of Business in Accounting and Finance

Meet Mustafa

"My experience at UTS:INSEARCH helped me grow..."

Mustafa, Lebanon

"My experience at UTS:INSEARCH really helped me grow and develop. First, I improved my academic English at UTS:INSEARCH, then I had enough confidence to study a diploma in engineering, something I am very passionate about. Thanks to UTS:INSEARCH my academic life at UTS went really smoothly and I did really well."

Pathway

UTS:INSEARCH Diploma of Engineering

Graduated from a UTS Bachelor of Engineering (Civil)

Now working as an Civil Engineer for Killard Excavation

Which program is for you?

English Programs

- ▶ We offer a range of English programs to suit all levels including General English, IELTS preparation courses, Academic English and English for Academic Research.
- ▶ Our English programs are designed to provide direct entry into UTS:INSEARCH academic programs and most UTS undergraduate and postgraduate degrees.

UTS Foundation Studies

- ▶ This program is specifically designed to meet the needs of international students who have successfully completed their Year 11 studies.
- ▶ On successful completion students can go directly into a UTS:INSEARCH diploma or if they achieve the required Grade Point Average – any UTS undergraduate degree.

Diploma Programs

- ▶ UTS:INSEARCH diplomas are recommended for students who do not meet the Academic and English entry requirements needed to go straight into a UTS undergraduate degree.
- ▶ Choose from one of six diplomas: Business, Communication, Design & Architecture, Engineering, Information Technology or Science.

UTS:INSEARCH English programs

Learning English at UTS:INSEARCH is a life-changing experience

Why study English with UTS:INSEARCH?

We are the experts in English language education

UTS:INSEARCH is one of the top English language providers in Australia with more than 25 years of English teaching experience.

We offer an innovative blended learning approach

The UTS:INSEARCH approach to teaching English combines traditional face-to-face teaching with online-supported learning. You can interact with learning materials on your mobile, laptop or iPad from any location with internet access. By using this innovative approach you can study anytime, anywhere, inside and outside the classroom.

Acquire the skills needed to succeed at university and in your career

Academic English is not only about achieving success in English but also acquiring the skills you will need for success at university and beyond. From basic study skills to preparing for your first job interview, you will learn to become confident in any academic, social or work situation.

UTS:INSEARCH teachers are some of the most highly trained in the industry

Our teachers have an average of 15 years' experience. 30% are IELTS examiners, 15% are Cambridge university-accredited CELTA teacher trainers, and over 30% hold a Masters or PhD qualification.

The most advanced English curriculum on the market

You will study contemporary international topics to ensure you have the most modern and wide-ranging vocabulary necessary to communicate effectively in global conversations and settings.

Move on to other pathways or university

After successfully completing various levels of English, move on to pathway programs with UTS Foundation Studies, UTS:INSEARCH diplomas and UTS degrees.

Learn in small class sizes

Our English classes have an average of 16 students, so you can make the most of your learning and have more individual time with your teacher.

Learn English with the experts

Meet David Larbalestier, Director of Studies at UTS:INSEARCH, and President of the University English Centres Australia (UECA)

David oversees the delivery of all English language programs at UTS:INSEARCH and has over 30 years teaching experience from the United Kingdom, China and Australia.

David joined UTS:INSEARCH in 1996 initially working in China at the Sydney Institute of Language and Commerce (SILC), a joint venture between UTS and Shanghai University.

David is the co-author with UTS:INSEARCH teacher Dr Anna Shymkiw of the popular programs **Study English: IELTS Preparation** and **Passport to English** in partnership with the Australia Network and the international arms of the Australian Broadcasting Corporations (ABC). He also co-authored the UTS:INSEARCH IELTS Preparation course books.

In his current position at UTS:INSEARCH in Sydney, David is Director of Studies, English Programs and also President of the University English Centres Australia (UECA).

Get the most out of your studies with blended learning

Students will benefit from a combination of using state-of-the-art technology, traditional classroom teaching and online self-paced learning. This innovative approach will allow for a more engaging and interactive student learning experience that will help improve learning outcomes.

Academic Support

Support your English learning outside the classroom with study skills workshops and one-on-one tutorials.

Tools & Resources

Utilise the English Learning Centre with all the resources you need such as IELTS text books and audio equipment.

Classroom

Learn in small class sizes with highly qualified teachers.

Online and eLearning

The Blackboard application offers students a new interactive and engaging learning experience. Learn online, anywhere, anytime.

Which English program is right for you?

English programs to suit all levels

With our Academic English (AE) program you can improve your ability to communicate in English and gain the skills you need for further academic study. Not only will you become more confident in social situations but you will learn how to prepare for your future career. We also provide courses in General English and IELTS preparation. So no matter what level of English you're at we have the English program for you.

We offer:

General English Levels GE1-3  Academic English levels (AE1-4)  Academic English levels (AE5)  Academic English for Research (AE6)

General English (GE) CRICOS course code 032422B

Duration: 20 hours of face-to-face tuition over 5 weeks (per level).

The General English program establishes the groundwork for English language development and focuses on the listening and speaking skills you will need for academic study. The program prepares you for entry into our Academic English (AE) programs. Students may enter this course from beginner to lower intermediate levels.

IELTS Preparation Program CRICOS Course Code: 071293E

Duration: 20 hours of face-to-face tuition over 5 weeks.

UTS:INSEARCH also offer a range of industry-leading full and part-time IELTS (International English Language Testing System) preparation courses. These courses provide an overview of all aspects of the IELTS test and are aimed at maximising your IELTS examination strategies. Please note however that this course is based on demand only.

UTS:FOUNDATION STUDIES

Preparing you with the skills needed to start university in Australia

UTS Foundation Studies fast facts

- ▶ Designed for Year 11 graduates
- ▶ Prepares you for studying at an Australian university
- ▶ Acquire a broad education
- ▶ Explore what discipline you want to study
- ▶ Get into ANY undergraduate degree at UTS*
- ▶ UTS Foundation Studies is a UTS course delivered by UTS:INSEARCH on behalf of UTS

*Students who achieve results with the highest grades will gain entry into the first year of an undergraduate degree at UTS.

Why study UTS Foundation Studies with UTS:INSEARCH?

Designed for Year 11 graduates

This program has been specifically designed to meet the needs of international students who have successfully completed their Year 11 studies. It provides a pathway to our UTS:INSEARCH diplomas, or for successful students, entry into the first year of UTS.

Open the door to any undergraduate degree

This program opens doors to a wide range of study options and career choices and, for successful students, articulation into ANY undergraduate degree at UTS*.

Get the most out of your studies with blended learning

Students will benefit from a combination of using state-of-the-art technology, traditional classroom teaching and online self-paced learning. This innovative approach will allow for a more engaging and interactive student learning experience that will help improve learning outcomes.

Prepares you for studying at an Australian university

The UTS Foundation Studies program will help you become familiar with an Australian approach to learning and what you should expect at university in Australia. Subjects such as Australian Studies are part of the Extended (3 semester) program, so you can learn more about Australian culture and its people.

Learning support workshops

You will receive extra learning support each week for the more complex subjects and help with developing your computer skills to prepare you for future studies.

Acquire a broad education

You will study a range of different subjects such as Mathematics; English; and Science, Technology and Society all under the one program. This means that you will gain solid knowledge and understanding across a broad range of disciplines. The outcome is a well-rounded and confident graduate with a broad skill set, ready to study your first year at university.

UTS study areas you can enter from UTS Foundation Studies

International Studies	Education	Creative Intelligence and Innovation

Science	Engineering	Communication
Nursing		Information Technology

UTS FOUNDATION STUDIES

Message from the UTS Foundation Studies Program Manager

The UTS Foundation Studies program has been tailored especially for international Year 11 students who want to start university in Australia. The program opens doors to a wide range of study options and career choices, with either a UTS:INSEARCH diploma or for students with the highest grades, entry straight into the first year at UTS. The UTS Foundation Studies program is a great way to explore the different disciplines and subjects you may wish to pursue, before moving onto the next step of your academic studies.

Jennifer Banks
UTS Foundation Studies Program Manager
UTS:INSEARCH

Meet Edward

"I studied many interesting subjects and learnt great skills for university like referencing and writing reports"

Edward from Vietnam

"I have always wanted to be a nurse and the UTS Foundation Studies program was my pathway to a UTS Nursing degree, which is a very good course. At UTS:INSEARCH I strengthened my English level so I was more confident in writing, reading and communicating in class. I was really impressed with the structure of learning at UTS:INSEARCH as the programs are combined with both practical and theoretical assessments - so you feel like you are actively learning and using your skills straight away."

Pathway

Academic English and UTS Foundation Studies at UTS:INSEARCH

Currently studying a Bachelor of Nursing at UTS

What is UTS Foundation Studies?

UTS Foundation Studies is a UTS course delivered by UTS:INSEARCH on behalf of UTS. The program is offered as an Extended three semester program or a Standard two semester program.

The Extended program provides additional enabling opportunities for students who are less confident in their academic and English skills. An extra semester of study gives students with lower skills time to develop and consolidate English and academic skills before articulating to UTS or a UTS:INSEARCH diploma program.

The Standard Program is a two semester program recommended for those students who are more confident in their academic skills and English but who need to improve them further in order to articulate to UTS or a UTS:INSEARCH diploma program.

The UTS Foundation Studies program meets the requirements for Foundation Programs which have been registered on CRICOS for delivery in Australia, providing academic preparation for entry into first year undergraduate study to overseas students.

Choosing your UTS Foundation Studies Programs

Which UTS Foundation Studies program is right for me?

STANDARD PROGRAM (2 SEMESTERS)

CRICOS code: 082432G

EXTENDED PROGRAM (3 SEMESTERS)

UTS:INSEARCH DIPLOMA PROGRAMS

Message from the Dean of Studies

Welcome to our higher education diploma programs.

UTS:INSEARCH offers diplomas across six exciting disciplines - all designed in consultation with the corresponding UTS faculties. Whether your study interest is Business, Communication, Design, Engineering, IT or Science, our diplomas are the perfect preparation course into a UTS undergraduate degree.

Tim Laurence
UTS:INSEARCH Dean of Studies

Higher education diplomas - designed to get you into UTS

UTS:INSEARCH offers six exciting higher education diploma programs in the following areas:-

Business

Communication

**Design &
Architecture**

Engineering

**Information
Technology**

Science

World-class university standards

All six of these diplomas are designed in collaboration with UTS. This means that the educational outcomes for students undertaking a UTS:INSEARCH diploma are, in most cases, equivalent to those of first year students studying a UTS undergraduate degree. So you will be experiencing the same world-class university standards right from the very start of your studies.

2,3 and 4 semesters available

Our diplomas are offered over 2 semesters (Accelerated), 3 semesters (Standard) and 4 semesters (Extended). Entry into these programs will be based on your current academic and English levels and the pace of learning you wish to undertake.

Pathway into UTS degrees

UTS:INSEARCH diplomas are recommended for students who do not meet the Academic and English entry requirements needed to go straight into a UTS undergraduate degree.

Choosing your Diploma

Which Diploma is right for me?

ACCELERATED

The fast track program (8 months)

- ▶ Guaranteed entry* into a UTS degree. Based on successful completion of the diploma.
- ▶ The fastest way to get into a UTS degree. However the intense workload means it will not be suitable for everyone.
- ▶ Opportunity to fast track into second year at UTS, depending on the course chosen.
- ▶ Students will study the same subjects as first year UTS students.

STANDARD

The standard program (12 months)

- ▶ Guaranteed entry* into a UTS degree. Based on successful completion of the diploma.
- ▶ Students will study the same content as the Accelerated diploma but spaced out over 12 months.
- ▶ This diploma allows students more time to enhance their academic study skills while adjusting to Australian education expectations.
- ▶ Opportunity to go straight into second year at UTS, depending on the course chosen.
- ▶ Students will study the same subjects as first year UTS students.

EXTENDED

The all-inclusive preparation program with English (16 months)

- ▶ Guaranteed entry* into a UTS degree.
- ▶ Designed for students who need to boost their English skills.
- ▶ Academic English is incorporated into the first semester of this diploma so it's perfect for students who need to boost their level of English but don't want to wait to start their diploma studies.
- ▶ Students will study the same subjects as first year UTS students PLUS Academic English and enabling subjects. Enabling subjects in the first semester will prepare students to tackle more complex subjects. Subjects such as Accounting for Business, Physics for Engineering, and Maths for Science have been identified as subjects students need more support in.

New Extended program

*Based on successful completion of a diploma with no more than two subject failures.

[#]Please see each diploma in this study guide for individual CRICOS course codes.

UTS:BUSINESS

Make an impact in the business world with a business education of the highest quality

Why choose to do your Business degree at UTS?

UTS fast facts

- ▶ The UTS Business School is one of the largest business schools in Australia
- ▶ Opportunity to undertake six-month work placement with a leading company as part of your degree
- ▶ The UTS Business School hosts guest industry lectures each year giving you the chance to learn what's happening in the business world and connect with key individuals

Credit right image:
New UTS Business School,
designed by Gehry Partners LLP
(Artist impression)

Learn in a highly esteemed business school

The UTS Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB International), a mark of quality earned by a select few business schools worldwide. UTS is also ranked as a top 100 university in the world for Accounting and Finance and a top 150 university for Economics by QS World University Subject Rankings (2014).

Study in one of the most innovative campuses in Australia

Enjoy 24-hour access to award winning learning facilities including groupwork rooms and individual study pods throughout the campus. From 2015 the UTS campus will include the Dr Chau Chak Wing Building, designed by one of the world's most influential architects – Frank Gehry. As the new headquarters for UTS Business School, the building will become an icon not only for UTS but for Sydney and Australia as a symbol of creativity and future education.

Become a work-ready graduate

When you study the compulsory Capstone subject in your final year, you'll be able to apply your knowledge to a real-life business situation. You may also choose to do the Business Internship subject in which you undertake a project with an organisation within your chosen field, gaining industry experience and contacts with employers.

Great global career opportunities for UTS Business graduates.

Employers who hire UTS graduates include companies such as KPMG, Allianz, Westpac, IBM, Macquarie Group, Commonwealth Bank, Ernst and Young, Unilever, Coca Cola Amatil and Lion Nathan, as well as a range of start-ups, not-for-profits, government agencies and organisations of every size across every industry, around the world.

UTS:INSEARCH DIPLOMA OF COMMUNICATION

Message from the Communication Program Manager

Welcome to the exciting and creative world of Communications. Whether you want to pursue a career in Journalism, Public Relations, Advertising or Digital and Social Media – your pathway into one of Australia's most established Communication degrees at UTS starts right here.

Janet Gibson
Communication Program Manager
UTS:INSEARCH

Communication pathways into UTS

The Communication pathway you take into UTS will depend on your English proficiency and Academic qualifications. For Academic and English entry requirements please refer to pages 63 - 67 of this guide.

Pathway 1

Pathway 2

Pathway 3

*Only students who do not meet the English entry requirements of a UTS:INSEARCH Academic Program.

[^]The point where you enter into your UTS Bachelor of Arts in Communication will depend on your major and is based on no more than two subject failures in your UTS:INSEARCH diploma

Reasons to study Communication at UTS:INSEARCH

FAST TRACK* into the second year of your UTS Communication degree

Students who wish to study either the Public Communication or Digital and Social Media majors of the UTS Bachelor of Arts in Communication, can gain entry into the second year of the UTS degree from their UTS:INSEARCH diploma.

48 credit points guaranteed

Students who successfully complete their Diploma of Communication with no more than two subject failures will be guaranteed a place in a UTS Bachelor of Arts in Communication degree across eight different majors.

Public Relations OR Digital and Social Media

In the Diploma of Communication there are two streams: Public Relations OR Digital and Social Media (new). You take the same core subjects in both streams but do two different subjects depending on your chosen stream.

Study the exact same subjects as first year UTS students

If you undertake either the Digital and Social Media or Public Communication major at UTS, you will study the same subjects in your diploma as first year UTS students.

Subjects are designed by the UTS School of Communication

Subjects are designed and co-written in consultation with the renowned UTS School of Communication - so you'll be getting the very best right from the start.

UTS is the only university in Australia where you can major in Digital and Social Media

This major was introduced to meet the growing demand by employers for degree-qualified digital media experts. The Diploma of Communication will guarantee your place in this new and very exciting UTS major.

* Based on no more than two subject failures. Entry into the second year of UTS is only for Public Communication or Digital and Social Media majors.

Diploma of Communication offers two streams

The Diploma of Communication offers the same subject content as first year of the UTS Bachelor of Arts in Communication (Public Communication) or the NEW UTS Bachelor of Arts in Communication (Digital and Social Media).

Public Relations

Which stream?

Digital and Social Media

In the Diploma of Communication, all students will study the same core subjects and then will split into one of two streams - Public Relations **or** Digital and Social Media. Each stream has two subjects as shown below.

Public Relations:

- ▶ Principles of Public Relations
- ▶ Strategic Public Relations

Digital and Social Media:

- ▶ User Experience Design
- ▶ Engagement, Participation, Gamification

You will receive 48 credit points towards a UTS Bachelor of Arts in Communication in the following majors:

- ▶ Public Communication
- ▶ Digital and Social Media
- ▶ Media Arts and Production
- ▶ Journalism
- ▶ Cultural Studies
- ▶ Information and Media
- ▶ Social Inquiry
- ▶ Creative Writing

Or a double degree combining one of the above majors with below:

- ▶ International Studies
- ▶ Law

Meet Chandan

"The teachers at UTS:INSEARCH created a practical environment to learn in, and showed me how things work in the real world."

Chandan from Nepal

"Instead of being limited to certain pages of the textbook, you're encouraged to do things for yourself and discover where you fit in the field of communication and what areas you're skilled in."

UTS:INSEARCH not only helped me get into a UTS Communication degree but it also gave me the skills, knowledge and confidence to be my very best at UTS and has put me on the path towards a brighter future."

Pathway

Graduated from the UTS:INSEARCH Diploma of Communication

Currently studying the UTS Bachelor of Arts in Communication (Social Inquiry)

UTS:DESIGN & ARCHITECTURE

The only limit in the design world is your imagination. The only place to study it is with the industry leaders - UTS.

Why choose to do your Design & Architecture degree at UTS?

UTS fast facts

- ▶ The School of Design provides state-of-the-art facilities for practice in fashion and textiles, integrated product design, photography and situated media, interior and spatial design, visual communication, interaction design and animation.
- ▶ The faculty houses the Motion Capture Laboratory, an industry standard facility that allows students to use the same world-class system as leading animation production companies.
- ▶ The digital workshop provides specialist equipment for the fabrication of models and prototypes including 3D printers and laser cutters.

Become a leader in Design, Architecture or the Built Environment

As a UTS Design graduate, you will be equipped with the knowledge, skills and experiences applicable to your design career. You will be encouraged to develop your own personal brand of imagination and creativity which will support you as a leader of the next generation of designers.

Establish your future career through local and international industry networks

UTS's range of connections will give you an insight into how industry works and what employers look for in graduates.

Learn from leading industry professionals

Many of UTS's Design, Architecture and Building lecturers are leaders in their field and actively working in their industry, so you'll get the most relevant and up-to-date teaching. This experience-based approach, means you will graduate with the skills, knowledge and ability sought by employers worldwide.

On average 85% of students who complete a course from the

Faculty of Design, Architecture and Building have a full time job one year after graduation and many others start their own businesses. Employers who hire UTS graduates include internationally renowned fashion labels such as Sass & Bide, Alexander McQueen, Victoria's Secret and the Faculty has established strong partnerships and collaborations with leading companies such as Google, Stockland and Westpac.

Great graduate average starting salaries from \$51,200*

Design, Architecture and Building graduate salaries are well above average for the industry starting at \$51,200* in the first year of full-time employment.

Showcase your work in front of industry

Design, Architecture and Building students can showcase work at various faculty exhibitions where industry professionals are invited to engage and interact with students, and scout for bright new talent.

*Australian Resident first degree graduates who were in full-time employment. Results are based on the 2013 Australian Graduate Survey. (AGS)

NEW COURSE IN 2015!

UTS:INSEARCH DIPLOMA OF DESIGN & ARCHITECTURE

Message from the Design & Architecture Program Manager

Are you highly creative? Do you want to change things for the better? Whether you want to become a leading architect, create your own fashion label or work in animation, your pathway to the cutting-edge UTS Design and Architecture faculty begins here.

Dr Matthew Holt
 Design & Architecture Program Manager
 UTS:INSEARCH

Design pathways into UTS

The Design pathway you take into UTS will depend on your English proficiency and Academic qualifications. For Academic and English entry requirements please refer to pages 63 - 67 within this guide.

Pathway 1

Pathway 2

Pathway 3

*Only students who do not meet the English entry requirements of a UTS:INSEARCH Academic Program.

[^]Based on no more than two subject failures.

Reasons to study Design & Architecture at UTS:INSEARCH

Brand new course

DESIGN & ARCHITECTURE

36 credit points guaranteed

Students who successfully complete their diploma will receive 36 credit points for all design and architecture degrees at UTS.

Supportive learning environment and caring culture

Learn in small classes within a highly supportive learning culture that includes access to academic advisers, study skills workshops and supported learning initiatives.

Design or Architecture streams

In the Diploma of Design & Architecture there are two streams offered - Design or our new Architecture stream. Students wishing to study Architecture or Landscape at UTS will take the Architecture stream. For all other UTS design degrees students will take the Design stream (Interior and Spatial Design, Visual Communication, Animation, Fashion and Textiles, Integrated Product Design and Photography and Situated Media).

Access to the latest software

You will have access to the latest Architectural 3D computer and Adobe software.

Subjects co-written by UTS

UTS:INSEARCH subjects are designed in conjunction with the renowned UTS Faculty of Design, Architecture and Building so you will have an innovative education experience right from the start of your diploma.

You will complete your own work-ready design portfolio

All design students will get to complete their own work-ready portfolio as part of the final assessment. This is a great tool to show to potential employers.

UTS guest speakers

Benefit from guest speakers and industry experts from UTS: Design, Architecture and Building who will review your final projects.

Diploma of Design & Architecture offers two streams

The Diploma of Design and Architecture introduces you to the practical and problem-solving skills essential to becoming a designer and/or Architect and for further design studies.

Design

Which stream?

Architecture

In the Diploma of Design & Architecture, all students will study the same core subjects and then will split into one of two streams - Design **or** Architecture.

Under the Design stream students will study:

- ▶ Researching Design History
- ▶ Design Thinking

Under the Architecture stream students will study:

- ▶ Architectural History and Theory: Orientations
- ▶ Architectural History and Theory: Modernity and Modernism

You will receive 36 credit points towards any of the following UTS design degrees:

- ▶ Architecture
- ▶ Landscape
- ▶ Animation
- ▶ Visual Communication
- ▶ Interior and Spatial Design
- ▶ Fashion and Textiles
- ▶ Integrated Product Design
- ▶ Photography and Situated Media

Meet Yori

"The teachers at UTS:INSEARCH created a practical environment to learn in, and showed me how things work in the real world."

Yori, Indonesia

"UTS:INSEARCH has introduced me to a lot of interesting design branches, which I would not have tried let alone known, if not for the assignments. The supportive and friendly teachers and tutors at UTS:INSEARCH were invaluable. Without their support and help I would have not achieved the marks that I was aiming for."

Pathway

UTS:INSEARCH Diploma of Design

Will study the Bachelor of Animation at UTS

Kevin Alexander Su, a Designer and UTS:INSEARCH teacher

"I love teaching design because the studio environment can be so full of creative energy and unexpected exchanges of ideas. I have found it a very rewarding experience in directing students to sources of design inspiration they may not have considered or encountered before."

UTS:ENGINEERING

Cultivate the specific skills required to adapt and grow during your Engineering career

UTS fast facts

- ▶ UTS: Engineering is a leader in practice-based learning and industry engagement in Australia
- ▶ Study in the brand new \$229 million environmentally friendly Engineering and IT building
- ▶ Offers two six-month internships for undergraduate Engineering students

Credit right image: Andrew Worssam

Why choose to do your Engineering degree at UTS?

Gain practical experience while you study

As a UTS Engineering student you can undertake valuable internships integrating what you learn in the classroom into a work environment.

Recognition of your degree around the world

UTS:Engineering is widely regarded as Australia's leading practice-based engineering program. Plus UTS is rated in the top 150 universities in the world for Civil and Structural Engineering, and in the top 200 universities for Electrical and Mechanical Engineering by the QS World University Subject Rankings.

Learn in the new A\$229m Engineering and IT Building

Filled with state-of-the-art teaching spaces, cutting-edge environmental features and collaborative student spaces, the new building has been designed to fuse technology with modern teaching to support UTS's Model of Learning, and to cultivate the specific skills required for the Engineering and IT industries.

The building is in itself a living, breathing laboratory, embedded with wireless sensors to monitor

temperature, air quality, noise and dust particles. You can benefit from the prestigious Industry Advisory Network (IAN), a rewarding body that links UTS and industry.

Graduate salary and employment prospects well above the national average

UTS Engineering graduates earn an impressive average salary of \$63,782* in their first year of full-time work. Employers include MIRVAC, Lend Lease, The Australian Government, Unilever and more.

Support for women in Engineering

The UTS Women in Engineering and IT Program offers support to female UTS:Engineering students, including scholarships, mentoring, referrals and networking opportunities.

The Lucy Mentoring Program focuses primarily on undergraduate women studying Engineering and Information Technology and aims to inspire, motivate and educate young women about the opportunities available for employment and leadership in the public and private sectors.

*Australian-resident first degree graduates who were in full-time employment. Results are based on the 2013 Australian Graduate Survey.

Plans to study the Bachelor of Engineering majoring in Software Development at UTS

UTS:INFORMATION TECHNOLOGY

Become an adaptable problem-solver, who can actively contribute to the IT industry around the world

UTS fast facts

- ▶ UTS: Information Technology is a leader in practice-based learning and industry engagement in Australia
- ▶ Study in the brand new \$229 million environmentally friendly Engineering and IT building
- ▶ A range of exciting internships are available for undergraduate students

Why choose to do your IT degree at UTS?

Study with the IT leaders

UTS is rated in the top 150 universities in the world for Computer Science and Information Systems by the QS World University Subject Rankings (2014) – so you'll be studying with one of the leaders in IT education.

Gain practical experience while you study

As a UTS:IT student you will have the opportunity to undertake work placements with leading organisations, integrating what you learn in the classroom into a work environment. All courses are practical, industry-focused and are regularly updated so you know you are learning the skills employers want from the start.

The new A\$229 million Engineering and IT Building

Filled with state-of-the-art teaching spaces, cutting-edge environmental features and collaborative student spaces, the new building has been designed to fuse technology with modern teaching to support UTS's Model of Learning, and to cultivate the specific skills required for the Engineering and IT industries.

The building is in itself a living, breathing laboratory, embedded with wireless sensors to monitor temperature, air quality, noise and dust particles.

Graduate salary and employment prospects well above the national average

UTS IT graduates earn an impressive average salary of \$63,782* in their first year of full-time work.

Develop your skills with the latest technology

UTS:IT boasts the most advanced data arena facility of its kind in Australia. Plus you can immerse yourself in a disruptive technology lab, 16 well-equipped PC labs, a Games Studio, a software development studio and four purpose-built networking labs, fully resourced by Cisco Systems.

Support for women in Engineering and IT

The Women in Engineering and IT Program offers exceptional support to female UTS:IT students, including scholarships, mentoring, referrals and networking opportunities.

*Australian-resident first degree graduates who were in full-time employment. Results are based on the 2013 Australian Graduate Survey.

UTS:SCIENCE

An exciting place to learn, build connections and experience modern applications of science

Why choose to do your Science degree at UTS?

UTS fast facts

- ▶ UTS:Science is a first-class research intensive faculty boasting sought after graduates
- ▶ UTS:Science installed the DeltaVision OMX Blaze, a world first imaging system to gain new insights into the behaviour of infectious diseases
- ▶ UTS was the first university in Australia to start an undergraduate degree in Forensic Science

Access world-class Science facilities

UTS Science facilities are comparable to, if not better than those used in advanced commercial laboratories. Over \$110 million has been invested in its existing facilities, making it one of the best science faculties in Australia.

At the end of 2014, UTS Science will add another new building with specialised teaching, research and collaboration spaces for students and academics. It will also have a Super Lab, one of only two in Australia. A Super Lab is a large scale, multidisciplinary laboratory fitted with the latest technology and equipment.

Graduate starting salaries from \$49,963**

UTS prides itself on real-world practice-oriented learning that combines specialist practical skills and knowledge with other vital attributes sought by employers such as communication skills, teamwork, critical thinking and analytical skills.

Examples of employers who hire UTS graduates include the Royal Prince Alfred Hospital, CSIRO, Garvan Institute, Australian Federal Police, PricewaterhouseCoopers and many more.

Inclusive practical learning

You will build connections and experience modern applications of science and mathematics while studying at UTS Science. You will be exposed to laboratory or clinical work from day one of your studies with around 20 contact hours each week.

A world-class research intensive faculty

UTS Science was rated 'better than world standard' in the recent ERA* report conducted by the Australian Research Council which is a testament of our talented and dedicated lecturers. UTS Science has a strong research culture and engages with industry and the community, and conducts research with impact to our society and the economy.

*Australian-resident first degree graduates who were in full-time employment. Results are based on the 2013 Australian Graduate Survey.

**ERA is conducted by the Australian Research Council. The most recent ERA report was released in December 2012.

Reasons to study Science at UTS:INSEARCH

Fast track* into the second year of your UTS Science Degree and get 48 credit points guaranteed

Diploma of Science students can gain direct entry into the second year of the UTS Bachelor of Science, upon successful completion of the diploma with no more than two subject failures and will also be guaranteed 48 credit points for a number of exciting UTS Science majors.

Physical Sciences and Life Sciences

Under the Diploma of Science there are two streams offered, Physical Sciences and Life Sciences. Students will study the same core subjects plus the four subjects that come under the stream they are studying.

Practice-oriented classes

Students will enjoy practical classes that encourage critical thinking which they can apply to real science problems.

*Based on successful completion of your diploma with no more than two subject failures.

New state-of-the art science building

The new science building provides teaching and learning, research and collaborative spaces for the UTS community. It includes UTS Super Lab one of only two in Australia that aims to facilitate the buzz of a multi-disciplinary environment while ensuring students feel part of an intimate class group.

Subjects designed by UTS Science

Subjects are designed in consultation with the UTS science faculty and students will have access to world-class, cutting-edge UTS science teaching laboratories.

Subjects taught by highly professional teachers

UTS:INSEARCH Diploma of Science teachers are highly rated for their expertise, enthusiasm and experience.

*Students studying the Diploma of Science should have competencies equivalent to those of Year 12 High School subjects in Mathematics, Physics and Chemistry. For specific details on assumed knowledge please see our website insearch.edu.au

Diploma of Science, choose your stream

The UTS:INSEARCH Diploma of Science provides students with knowledge and scientific background of the core disciplines of physics and chemistry. It provides a pathway to the Bachelor of Science at UTS in a number of exciting majors.

Physical Sciences

Which stream?

Life Sciences

Under the Diploma of Science, all students will study the same core subjects and then will split into one of two streams - Physical Sciences or Life Sciences. Each stream has four specialised subjects shown below.

Physical Sciences

- ▶ Foundation Mathematics
- ▶ Physics in Action
- ▶ Introduction to Materials
- ▶ Mathematical Modelling 1

Life Sciences

- ▶ Cell Biology and Genetics
- ▶ Biocomplexity
- ▶ Statistical Design and Analysis
- ▶ Human Anatomy and Physiology

Meet Jenny

"I loved the small class sizes, together with the learning assistance sessions..."

Jenny, Vietnam

"UTS:INSEARCH helped me in achieving my goal. The pathway program offers essential knowledge and skills which allowed me to be well prepared and confident for my studies at UTS. I loved the small class sizes, together with the learning assistance sessions – you really get the most out of your studies as a student at UTS:INSEARCH."

Pathway

UTS:INSEARCH Diploma of Science graduate

Now studying a UTS Bachelor of Science (Biomedical Science)

Also undertaking biomedical research for a Sydney cancer institute

You will receive 48 credit points towards the following UTS Bachelor of Science majors:

- ▶ Applied Chemistry
- ▶ Applied Physics
- ▶ Biomedical Science
- ▶ Biotechnology
- ▶ Chemical Sciences
- ▶ Environmental Sciences
- ▶ General (Life Sciences)
- ▶ General (Physical Sciences)
- ▶ Medical and Molecular Biosciences
- ▶ Medical Science
- ▶ Nanotechnology
- ▶ Physical and Advanced Materials

And the following UTS Bachelor degrees:

- ▶ Bachelor of Biomedical Science
- ▶ Bachelor of Biotechnology
- ▶ Bachelor of Environmental Biology
- ▶ Bachelor of Medical Science
- ▶ Bachelor of Marine Biology

NEW UTS degrees launching in 2015!

- ▶ Bachelor of Advanced Science (Advanced Materials)
- ▶ Bachelor of Advanced Science (Environmental Biotechnology)
- ▶ Bachelor of Advanced Science (Pre-Medicine)
- ▶ Bachelor of Biomedical Physics
- ▶ Bachelor of Medicinal Chemistry*

*Only for students who study the Life Sciences stream in the diploma. Students who complete the Physical Sciences stream will receive 42 credit points.

Plus 42 credit points towards the following UTS degrees:

- ▶ Bachelor of Forensic Biology in Biomedical Science
- ▶ Bachelor of Forensic Science in Applied Chemistry

Find out if you qualify

See pages 63 - 67 for entry requirements

English Course Entry Requirements

The right level of English

The duration of your English language program depends on your level of English upon entry and your intended pathway.

Before you begin your UTS:INSEARCH academic course or UTS undergraduate or postgraduate degree you will need to find out if you have the correct level of English skills.

If you have a current IELTS or TOEFL score (no older than 12 months), refer to the table on page 18 that will indicate which level of English and the minimum number of weeks of English you will need to study before you commence your academic studies.

Having an IELTS or TOEFL result will assist in estimating the duration of your English language studies for UTS Foundation Studies, UTS:INSEARCH diploma and degree programs.

Period of Validity

Please note these guidelines for guaranteed placement in a particular English level are minimum requirements based on IELTS, TOEFL or PTE (Academic) scores no older than 12 months at the date of starting your UTS:INSEARCH English studies. To qualify to enter a particular level, you will need to provide an original IELTS, TOEFL or PTE (Academic) result.

UTS:INSEARCH placement test

If you do not have a current IELTS or TOEFL result, you will need to sit the UTS:INSEARCH placement test which is conducted at all UTS:INSEARCH agents' offices or on the morning of the first day of term.

Exit Testing

You will be given a test at the end of each level of study. Your result in this test will be used to determine your progression to the next level.

English language entry requirements

	UTS Foundation Studies	
	UTS Foundation Studies (Standard)	UTS Foundation Studies (Accelerated)
IELTS (Academic)	5.5 Overall with minimum 5.0 in all bands	5.5 Overall with minimum 5.0 in all bands
TOEFL - PB	525 TWE 4.0	525 TWE 4.0
TOEFL - CB	197 TWE 4.0	197 TWE 4.0
TOEFL - iBT	71 with 16 in writing	71 with 16 in writing
Insearch English	AE3 with pass grade	AE3 with pass grade
Pearson Test of English PTE (Academic)	Overall 46, no communicative skill score less than 38	Overall 46, no communicative skill score less than 38

	UTS:INSEARCH Diploma Courses		
	Standard Diploma	Accelerated Diploma	Extended Diploma
IELTS (Academic)	6.0 overall with 6.0 in writing	6.0 overall with 6.0 in writing	5.5 overall with minimum 5.0 in all bands
TOEFL - PB	550 TWE 4.5	550 TWE 4.5	525 TWE 4.0
TOEFL - CB	213 TWE 4.5	213 TWE 4.5	197 TWE 4.0
TOEFL - iBT	80 writing 21	80 writing 21	71 with 16 in writing
Insearch English	AE4 with pass grade	AE4 with pass grade	AE3 with pass grade
Pearson Test of English PTE (Academic)	Overall 54, no communicative skill score less than 54	Overall 54, no communicative skill score less than 54	Overall 46, no communicative skill score less than 38

Extra information

International students who undertook their senior high schooling in the Australian Education System will be required to sit the IELTS test in the following cases: They have undertaken only Year 11 and/or they have achieved a low average mark in HSC.

If you are planning to go to UTS successful completion of level AE5 is required for most UTS degrees*.

Entry to UTS

Please check the minimum grades to meet the English entry requirement for UTS courses at www.uts.edu.au/international

* Please check the UTS website for details and English requirements

Academic Requirements

COUNTRY OF EDUCATION	UTS FOUNDATION STUDIES		UTS:INSEARCH DIPLOMA COURSES		
	UTS Foundation Studies (Standard)	UTS Foundation Studies (Accelerated)	Standard Diploma	Accelerated Diploma	Extended Diploma
Australia (International students at high school in Australia)	Successful completion of Year 11	Successful completion of Year 11 with superior grades	NSW/NT/SA/WA/TAS/VIC HSC: HSC Subject Average of 67% (Based on non VET subjects)	NSW/NT/SA/WA/TAS/VIC HSC: HSC Subject Average of 75%. (Based on non VET subjects)	
			Queensland Year 12: Maximum OP 16	Queensland Year 12: Maximum OP 15	
Bangladesh	Completion of HSC	HSC Second Div (50%)	HSC: 2nd Division (53%) GCE: 2 A Level passes 1 D grade and 1 E grade		
Bahrain	Completion of HSC	GSSC 75% or equivalent	General Secondary School Certificate: 78% or equivalent		
Brazil	Segundon Grau 5.3 or Greater	Segundon Grau 6.0 or Greater	Segundo Grau 7.0 or greater		
Brunei	GCE: 3 O level Passes	GCE: 4 O level passes	GCE: 2 A level passes 1 D grade and 1 E grade		
Cambodia	Successful completion of the Diploma of Upper Secondary Education with minimum 50%	Successful completion of the Diploma of Upper Secondary Education with a C grade	Successful completion of post secondary qualification AQF Cert IV or higher		
Cameroon	GCE: 3 O level Passes	GCE: 4 O level passes	GCE: 2 A Level passes 1 D grade and 1 E grade (Forecast results are acceptable)		
Canada	Successful completion of Year 11 with at least 4 passes in academic subjects	Successful completion of Year 11 with superior grades in at least 4 academic subjects	Completion of Senior High School with an average 57%		
Chile	Licencia de Educacion Media Secundaria (Academic Secondary Education Certificate)	Licencia de Educacion Media Secundaria grade of 5.0 or better for academic subjects	Licencia de Educación Media Secundaria grade of 5.4 or better for academic subjects		
China PRC	Senior Middle 3 or 70% Gao Er Senior Middle 2	Senior Middle 3, 65%	Senior Middle 3 with average 68.5%		
Colombia	Bachillerato with average 50% or better for academic subjects	Bachillerato with average 60% or better for academic subjects	Bachillerato with average 67% or better for academic subjects		
Egypt	National School Certificate of General Education (Year 11) 40%	National School Certificate of General Education (Year 11) 50%	National School Certificate of General Education (Year 11) 57%		
Ecuador	Average score 14 for academic subjects in the Bachillerato (Year 12 in Ecuador)	Average score 15 for academic subjects in the Bachillerato (Year 12 in Ecuador)	Average score 16 for academic subjects in the Bachillerato (Year 12 in Ecuador)		
Fiji	Completion of Year 6 with an average of 50% for best 4 subjects and at least 50% in English	Completion of Year 6 with an average of 55% for best 4 subjects and at least 50% in English	Completion Year 7 with average 65% for 4 best subjects and at least 50% for English		

*Important note on minimum student age requirement: International students who have met the entry requirements aged 16 years of age at the time of UTS Foundation Studies course commencement are able to join that program, providing: a) they are also packaged with a UTS:INSEARCH Diploma and b) are 17 at the time the Diploma commences.

COUNTRY OF EDUCATION	UTS FOUNDATION STUDIES		UTS:INSEARCH DIPLOMA COURSES		
	UTS Foundation Studies (Standard)	UTS Foundation Studies (Accelerated)	Standard Diploma	Accelerated Diploma	Extended Diploma
Hong Kong	Satisfactory completion Senior secondary 5 or HKCEE and 3 in English.	Satisfactory completion of Secondary 5 with 65% average or HKCEE 4 D's and 3 in English or Satisfactory Completion of HKDSE	HKDSE: Total 8 points 4 subjects (Cat A only) Grade 3 in English		
India	Successful completion of Year 11 from CBSE or CISCE board (with 60% English from CISCE board) or successful completion of Year 11 (State Board) with a mark of 65% or better	Year 11 from CBSE or CISCE board with a mark of 60% (plus 60% for English from CISCE board) or successful completion of year 11 (State Board) with a mark of 75%	Year 12 with 53% or ISC with 53% and 60% in ISC English exam		
Indonesia	Successful completion of SMU 3 50% or SMU 2 70%	SMU 3 Average Grade 68% in academic subjects	SMU 3: Average Grade 70% academic subjects		
Israel	Successful completion of Year 11	Successful completion of Year 11 with an average mark of 6.8	Bagrut: (Matriculation Certificate) Average Mark 6.9		
Japan	Kotogakko Upper Secondary Certificate: Successful completion or Senior 2 GPA 3.0	Kotogakko Upper Secondary Cert GPA 2.5	Kotogakko Upper Secondary Certificate: GPA 2.8		
Jordan	Tawjihi: with 50% average	Tawjihi: with 55% average	Tawjihi: 58% average		
Kazakhstan	General Education Certificate Average Grade 3.0	General Education Certificate Average Grade 3.5	General Education Certificate Average Grade 3.8		
South Korea	Successful completion of Year 2 Senior 70% average in academic subjects only	Senior High School Leaving Certificate - Average D grade (65%)	High School Leaving Certificate average C grade (72%)		
Kuwait	General Secondary School Certificate : 65% or equivalent	General Secondary School Certificate : 75% or equivalent	General Secondary School Certificate: 78% or equivalent		
Latvia	Certificate of General Secondary Education with average D (academic subjects only)	Certificate of General Secondary Education with average D (academic subjects only)	Certificate of General Secondary Education with average C (6) (academic subjects only)		
Lebanon	Lebanese Secondary 2 (Year 11) average 13 (academic subjects)	Lebanese Secondary 2 (Year 11) average 14 (academic subjects)	Lebanese Baccalaureat General (Year 12) 13		
Macau	Successful completion of Form 5 (English medium school) or Successful completion of Senior middle 2 (Chinese medium school)	English medium schools – Form 5 (60% average) Chinese medium schools - Senior middle 2 65% average	English medium schools - Form 6 (60% average) Chinese medium schools - Senior Middle 3, 68.5% average academic subjects		
	Maximum 20 points in 5 subjects or UEC Middle 2 maximum 30 points for 5 subjects	SPM 5 passes at C grade (Forecast acceptable)	STPM: 2 A level passes 1 D grade and 1 E grade. (Forecast results are acceptable)		
Malaysia	Maximum 20 points in 5 subjects or UEC Middle 2 maximum 30 points for 5 subjects	SPM 5 passes at C grade (Forecast acceptable)	STPM: 2 A level passes at D grade or better (Forecast results are acceptable)

Frequently Asked Questions

1. What is the turn-around time for processing applications?

Complete applications are processed within 48 hours.

2. What happens if there is a gap between courses?

If there is any time lag or gap between your courses and you are applying for a package visa, you will need to fill the gap with extra study. Contact the UTS:INSEARCH Student Admissions office regarding your appropriate study plan.

3. What is the process for extending a Full-Time English (FTE) enrolment?

You need to go to the UTS:INSEARCH Student Centre and a staff member will arrange the re-enrolment and issue a new electronic Confirmation of Enrolment (e-CoE) upon receipt of payment.

4. Can I still apply even if I don't have all my certified documents with me?

Yes. UTS:INSEARCH can still process your application if you do not have all the relevant documents you need. We will provide a provisional offer. Once we have received the required documents, a full offer can be made.

5. What are the rules about attendance?

Australian government regulations state that it is a condition of a student visa that students must attend a minimum of 80% of the course. UTS:INSEARCH also requires students to attend at least 80% of classes.

6. Do I need to purchase health insurance if I apply for a student visa?

Yes. Visa requirements state that international students need to purchase an approved Overseas Student Health Cover (OSHC) medical insurance policy before arriving in Australia. This will cover you for your entire visa. UTS:INSEARCH can assist in arranging this. Refer to our international application form.

7. Why should I apply early?

Students should apply early to receive an offer. Accepting the offer by payment of fees will secure your place in your desired course of study.

8. Can I work while studying?

Yes. A focus on your studies is essential but we recognise that some students may want to work part-time. Working arrangements need to fit around your study commitments.

All student visas are issued allowing students to undertake part-time work. However, some visas may have particular working restrictions, (visa condition 8101) that prevent students from undertaking any work.

Full-time students may work part-time (maximum 40 hours per fortnight) while studying.

During study breaks, students may work full-time.

Part-time work must not interfere with your studies. You must be available to attend classes between 9.00am and 8.00pm.

9. Where can I find information on course timetables?

Information on lecture and tutorial times is posted on the student intranet. Access will be provided during Orientation Week.

10. What is Homestay and can I apply for it?

Homestay is a cultural exchange in which a student visiting or temporarily residing in another country lives with a local family in the host country. Any UTS:INSEARCH student can apply for Homestay Accommodation and it tends to be the most popular accommodation option for international students.

11. How long does it take to organise Homestay accommodation?

UTS:INSEARCH requires at least 14 days' notice to arrange Homestay and airport welcome service. For more information contact our Homestay Coordinator: +61 2 9218 8614 or homestay@insearch.edu.au or visit our website insearch.edu.au/student-life/accommodation

12. If I want to withdraw from UTS:INSEARCH can I do so after starting my course?

If you are thinking about withdrawing from your studies you should first speak to an Academic Adviser or staff in the Student Centre who can help you. If approval to withdraw is granted, you will need to return your student card and any study materials including resources

borrowed from the library. All students who wish to withdraw are subject to UTS:INSEARCH conditions of enrolment and must also comply with Australian government legislation (refer to the Department of Immigration and Border Protection (DIBP) website). For further information, please speak to staff in the Student Centre.

13. Do international students need to leave the country after withdrawing?

In some situations, international students may be required to return overseas after withdrawing.

Where approval to withdraw is granted, UTS:INSEARCH is required to advise DIBP of this change in their enrolment status. Students on UTS package visas will also need to contact the UTS International Office to alert them to any change in their study plans.

14. How does articulation to UTS work?

During the final semester of your Diploma course or UTS Foundation Studies program a Transfer Session will take place that you need to attend. Representatives of the UTS faculties will offer advice and information about articulation. Academic Advisers will provide more details during the semester.

15. What happens if I fail some

subjects, can I still articulate into UTS?

International students completing UTS:INSEARCH diplomas with no more than two subject failures can articulate to the relevant UTS undergraduate degree. If you fail any subjects you will need to repeat them, however if you fail more than two subjects your guaranteed entry into UTS no longer applies. With more than two subject failures your ability to articulate will be decided by UTS.

16. How can I change from one course to another?

If you want to change your program you will need to go to the UTS:INSEARCH Student Centre and talk to a staff member. Transferring to another program will depend on availability and your academic progress and your academic / English qualifications.

17. Can I get student travel concessions?

Yes, as an international student, you may apply at the Student Centre for discounted travel tickets. You will be issued with a code and can then apply online for discounted tickets.

18. Does UTS:INSEARCH have extra learning support?

Yes, Study Skills Workshops are available during Orientation week to help you get a head start with your studies. Also the UTS:INSEARCH education department are rolling out a number of initiatives to further support you in your learning. Please speak to your Academic Adviser for further information.

19. How many people will be in class

with me?

Class sizes at UTS:INSEARCH are small with no more than 20 students. This means you benefit from maximum face-to-face time with your tutor or lecturer.

20. What is the International Student Processing Fee (ISPF)?

Students are required to pay a fee of \$250 upon accepting their offer from UTS:INSEARCH. This will be explained in your offer letter.

21. How will you communicate with me?

When you accept your offer, you will be given your own UTS email address and details of how to activate it. This is how we will communicate with you from that point onwards.

How to Apply

Apply through a UTS:INSEARCH agent in your country

International students should apply through an authorised UTS:INSEARCH agent. Please visit www.insearch.edu.au to find an agent in your country.

Alternatively, email: registrar@insearch.edu.au or send a completed and signed UTS:INSEARCH International Student Application Form (located on our website), along with certified copies of English qualifications and academic transcripts (translated into English) to:

UTS:INSEARCH Student Admissions
PO Box K1085 Haymarket
NSW 1240, Australia

Acknowledgement of your application

You will receive notification of the outcome of your application and if successful an offer letter with details of your course and fees.

Pay fees and forward your acceptance form

To accept your offer, payment of fees in Australian dollars by one of the payment methods in your offer letter is required. You must also forward your acceptance form and any outstanding documentation. Payment of fees should be made no later than four weeks prior to course commencement to allow sufficient time for processing your student visa application. In some cases this may take longer. Early payment of fees is desirable to secure a place in the course of your choice.

On payment, you will receive an Electronic Confirmation of Enrolment (e-CoE)

Upon receipt of these fees an Electronic Confirmation of Enrolment (e-CoE) for overseas students will be provided. The e-CoE is needed to obtain a student visa.

Come and see us at the UTS:INSEARCH Student Centre

Once you have arrived in Sydney, please contact staff at:

UTS:INSEARCH Student Centre,
Ground floor, 187 Thomas St, Sydney
[T] +61 2 9218 8666

For more detailed information regarding enrolment at UTS:INSEARCH, please read the application form which can be found on our website insearch.edu.au

Packaging Offer Information for Students

All international students must obtain a student visa from the Australian Government for the duration of their study. You can be granted a visa to cover the total of the proposed package only if you can provide a confirmation of enrolment (an e-CoE) for all courses in your study package.

UTS:INSEARCH Academic Package Offer

A UTS:INSEARCH academic package comprises a UTS Foundation Studies program and a diploma course but can also include a preliminary English course. Students undertaking a UTS:INSEARCH academic package will receive 5% discount on the total diploma and English tuition fees.

To qualify, students must apply for the UTS:INSEARCH academic package program including English (where necessary). Payment of fees for the English program (where applicable) and the first semester of the UTS Foundation Studies course will be required prior to commencing the English course. Payment details will be noted in your offer letter.

Note: List of fees payable to UTS:INSEARCH are available on the UTS:INSEARCH Application Form. International students with any school-aged dependants accompanying them to Australia will be required to pay full school fees if they are enrolled in either a government or non-government school. Visa length cover OSHC must be paid for when you pay your fees.

UTS Package Offer

By completing the UTS Package Offer Application Form, international students can apply for a UTS package course comprising:

UTS PACKAGES

Package 1

UTS:INSEARCH English preparation course, UTS Foundation Studies course and UTS Bachelor course

Package 2
