Welcome to UTS Insearch

“As the pathway to UTS, we help you to develop the knowledge, experience and skills to succeed at university and beyond. We work in collaboration with UTS to ensure your studies prepare you for your next step at university. You can start on your journey today – we will be there with you, helping you to succeed and thrive.”

Alex Murphy
Managing Director
UTS Insearch

“UTS has an ambitious vision to be a leading public university of technology recognised for delivering global impact. We are measured by the success of our students, staff and partners and we are committed to research, innovation and the dissemination of knowledge of public value. Through our education, research and engagement with industry, we are committed to transforming to a lifetime of learning where we support people throughout their whole career and lives, ensuring we do more than simply prepare people to successfully enter the workforce. We look forward to welcoming you to UTS Insearch and UTS.”

Professor Attila Brungs
Vice-Chancellor and President
University of Technology Sydney
About the University of Technology Sydney
UTS offers international, innovative and industry-relevant education in the heart of cosmopolitan Sydney.
About the University of Technology Sydney (UTS)

Why choose UTS?
The University of Technology Sydney (UTS) takes a global approach to education that has innovation at its core. What’s more, UTS is a university for the real world. All courses are closely aligned with industry needs, so what you learn will prepare you for your future career.

Campus of the future
UTS has invested $1.3 billion in creating a dynamic and interconnected campus of the future, with award-winning buildings, state-of-the-art facilities and sustainable design. We’ve got tech-driven, purpose-built spaces that’ll inspire you to learn, as well as spaces for industry collaboration. When you’re not in class, take advantage of the many student spaces, relax on the Alumni Green and enjoy the central location. UTS is close to Sydney’s CBD, walking distance to Central Station, and just a few steps away from places to shop, eat and socialise.

Practice-oriented education
UTS is committed to hands-on practical learning — theory is great, but applying what you know is crucial to your success. Major projects, group work and real-life case studies are key to this practice-based approach, giving you the skills you need to impress future employers. UTS teachers are experts in their professional fields. They’ll enhance your learning experience with access to the most current industry practices and networks.

Our students come first
Life in a new city can be challenging. That’s why UTS provides services — many of which are free — to help you along the way. Student services include: study support, career development, confidential medical and counselling, access to sports organisations and facilities, peer networking and support and housing assistance.

Connections that count
Learning doesn’t happen in isolation. In fact, at UTS learning is supported by strong relationships with industry. All UTS faculties are led by industry advisory boards, and course content is developed in close collaboration with industry partners. UTS courses offer extensive practical components — think major projects, group work and real-life case studies — that give you the chance to apply your theoretical learning in a real-world context. Many courses are also accredited by professional associations so, when you graduate, your degree will be recognised across your chosen sector.

Research that counts
At UTS, research responds to the big questions. UTS has a growing reputation for future-focused research in emerging disciplines, centred around five theme areas: health, data science, sustainability, future work & industry and social futures. From questions of technological disruption to the future of health care, big data and new ways of working, UTS is delivering real solutions to the challenges of today and tomorrow. We’re collaborative too. The university works closely with industry and academic partners across the globe to drive meaningful change in the world.

More than just a job
Want to get job ready? The UTS Careers Service can help you to put your best foot forward. Free careers consultations, résumé reviews and employment workshops have all been designed to enhance your employment prospects. You can also access student job boards, industry career fairs and international alumni networks. But don’t stop there: gain leadership skills through the UTS BUILD program, or participate in one of the many volunteering opportunities at UTS.
More than 150 industry partners shape UTS’s course content and provide internships, scholarships and resources.

About UTS Insearch
If you’re looking for a guaranteed* place in a UTS degree, we can help.

At UTS Insearch, you’ll benefit from a combination of ongoing academic support, small class sizes and practical learning, designed to help you realise your full potential and give you the confidence to succeed at UTS.

*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose.
Reasons to choose UTS Insearch

Guaranteed entry to UTS

Study a UTS Insearch diploma and when you successfully complete your studies, you’ll receive guaranteed entry into the corresponding UTS undergraduate degree*. In fact, most of our diplomas will take you straight into the second year of your UTS degree. Choose from diplomas in the areas of business, communication, design & architecture, engineering, IT or science.

Big in support. Small in size

We want you to thrive while studying with us. That’s why we’ve designed a robust framework of support services tailored specifically to meet the needs of every student.

All support services are freely accessible to UTS Insearch students and include our Learning Support Program, one-on-one tutorials, study skills workshops and assistance from full-time, dedicated Study Success Advisers.

Plus, our classes are kept small — with no more than 20 students in one tutorial — giving you a more personalised learning experience.

Part of UTS

Our diploma courses are designed in collaboration with UTS. This means the educational outcomes for diploma students are the same as for first year students studying a UTS undergraduate degree. So, you’re getting the same world-class university standards right from day one of your studies.

All academic students have access to the impressive facilities at UTS, including the library, the gym and more than one hundred clubs and associations you can join.

A better way to learn

At UTS Insearch we don’t just teach you course subjects; our teaching model focuses on life-long learning skills. This means small classes, formative assessments, more face-to-face hours and an emphasis on collaboration in and out of the classroom. So, you can evolve and adapt to challenges and opportunities not just for today, but in the future.

Latest technology and facilities

You’ll have access to high-tech lecture theatres, classrooms and purpose-built computer labs. More than 600 computers are designated for diploma students. Our campus also features a welcoming Student Centre, free high-speed campus WiFi and contemporary student lounges, kitchens and prayer rooms.

Our curriculum is underpinned by a range of innovative technologies and practices including a contemporary Learning Management System (LMS) called Canvas. You’ll be required to Bring Your Own Device (BYOD) to classes as part of our technology and student centred learning approach. This includes up-to-date laptops and tablets with WiFi connectivity so you can access online resources to support learning, student collaboration and communication.

Explore your leadership strengths

Our Leadership Program gives you real-world, career-ready skills early on in your studies. A series of practical masterclasses carefully crafted by industry leaders and subject matter experts are delivered in a fun and interactive learning environment. With work experience placements to be won, it’s a great way to test drive your career.

*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose.
Get to UTS. Fast.
Most of our diplomas take you into 2nd year study at UTS.*

Part of UTS
Our academic courses are designed with each faculty

Tailored support
We offer tailored support services to meet the everyday needs of our students. FEE-HELP is also available to eligible students

*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose.
Convenient, inspiring, fun

You’ll love being close to everything you need. Not only will you be studying in the UTS precinct in the centre of Sydney, you’ll be near major transport hubs too. From convenient public transport to cafes, shops, galleries, theatres and nightlife, you’ll find everything you need for your study and leisure.

Studying on a campus that has industry and innovation on its doorstep is a great advantage. Being in Sydney’s creative precinct means there are entrepreneurs and start-ups bursting with energy, new opportunities and inspired ways of thinking all around.

Come and enjoy the adventure.
Learning support

Orientation and Academic Preparation Week

This week has been designed to help you get to know your teachers and fellow students. Your teachers will take you through what is expected of you in your first semester of study and the best chances of success. As part of the week, fun and practical activities that support your transition to UTS Insearch are combined with helpful hints and advice from past students.

One-on-one learning tutors

We offer free weekly one-on-one learning support sessions in both Academic Writing and Mathematics, which will help you to prepare for your assessments and exams.

Subject Coordinator consultation

If you have problems with a specific subject, our Subject Coordinators can assist you during weekly drop-in sessions, or online.

Study skills workshops

During the semester we offer free weekly academic study skills workshops, which will help you to manage your study load, understand how to write your assessments and prepare for your exams.

Peer support in the classroom

Selected peer helpers work closely with the classroom teacher to provide you with additional support. Peer helpers may assist with group activities and help you to understand what is required to pass assignments.

Message from the Study Success Adviser Team Leader

“Starting the journey of your university education at UTS Insearch marks a new chapter in your life. It is exciting, empowering and at the same time challenging. All of these experiences will equip and enhance your life after university. Study Success Advisers are your helping hands during this journey. We can assist you by providing advice, support and referral services to help you stay on track and progress in your studies.”

Zoe Wang
Study Success Adviser Team Leader

BA Information and Library Science (Wuhan University), Grad Dip Information Technology (Swinburne), Grad Dip Secondary Teaching (Monash) M Ed (Sheffield University)
Ongoing academic support

Dedicated Study Success Advisers
Study Success Advisers can offer you support and advice on your studies, so you know what you need to do to meet your course requirements and stay on track. If you have any difficulties that may affect your studies, ask your Study Success Adviser for help.

Counselling services
If you ever need to talk to someone about academic progress, study, finance or personal problems, UTS offers confidential counselling. A counsellor is also on campus each week, which means you can have private conversations if you need some help.

Other services

Security
Your safety and security is our priority. We provide security in all our buildings to offer immediate help if you ever need it.

Prayer rooms
Dedicated multi-faith prayer rooms are available on campus for you to worship in privacy.

Health services
You can access health and medical assistance at the UTS Health Service.

Student Centre
If you need help with general enquiries, you can visit the Student Centre. We can assist you with confirmation of enrolment, public transport information, certificates and transcripts, updating your contact details, paying your fees and accommodation questions.

Facilities

Experience the latest technology
You’ll have access to up-to-date computer labs and high-speed wireless internet throughout the campus.
You can enjoy studying in modern buildings that house cutting-edge facilities, labs and working spaces designed for collaboration and effective learning.

Access a world-class library
As an academic student, you can use the UTS library, which has thousands of online and physical resources just waiting for you. In fact, the innovative robotic Library Retrieval System provides access to more than 900,000 books, so you can find information and resources quickly and easily.
You’ll love our free Activities Club and will find it a fun way to make new friends. Get involved in exciting activities, such as movie nights, barbecues, sports competitions, music, excursions and more.

When you join the Activities Club, you become part of a community that improves the well-being of students. Together, we encourage learning, celebrate success and connect you with like-minded people to create new friendships and build a thriving community. It will be a highlight of your learning journey!

Enjoy photography, languages, sport, raising money for charity or helping the environment? ActivateUTS has something for everyone. There are hundreds of social clubs, events and sporting activities you can join with other students from across the university. What activities would you like to try?

As a UTS Insearch student, you receive discounts at all ActivateUTS outlets, including the bars, cafes and eateries. To find out more, please visit activateuts.com.au

Giving back is rewarding. You can be a student volunteer and become part of the valuable team that helps new students settle in. Your efforts really do make a positive difference to students and help to make their arrival smoother. You’ll make new friendships — and build connections — that last a lifetime. Volunteers participate in a great training program, and you gain experience that helps you in your professional life after university.

We have designated Student Advisory Groups for each of our courses. The groups meets with our Program Managers and teachers on a regular basis to discuss topics such as current policies, procedures and recommendations to improve the student experience. It’s a great way for you to have a voice in your education.
Student Ambassadors

Rewarding academic excellence
We’re committed to recognising and celebrating high performing students.
Rewarding academic excellence

Rewarding and celebrating our students’ academic excellence is very important to us. Each semester, we host a prizegiving ceremony for our highest achieving students and offer a number of scholarships to current and future UTS Insearch and UTS students.

Scholarships for current and future students

Helping students to succeed is at the heart of everything we do. You should be rewarded for your hard work and dedication when you achieve excellent academic results. And we celebrate our high achievers! Prizes are awarded to our highest performing students.

Scholarships on offer

Jumbunna Institute for Indigenous Education and Research Scholarship

If you are an Aboriginal or Torres Strait Islander student and have applied to study at UTS through the Jumbunna Institute, you can apply for the UTS Insearch Jumbunna Scholarship program. Recipients can choose to study one of our six diplomas over a period of either 8, 12 or 16 months. Recipients are awarded a full scholarship to study at UTS Insearch. Other financial support is available for eligible recipients.

Please visit jumbunna.uts.edu.au for more information.

UTS undergraduate and postgraduate scholarships

Each year, UTS awards more than 1,000 undergraduate and postgraduate scholarships to current students. Each scholarship differs in length of study, application process and value. These scholarships are available to all students.

Please visit uts.edu.au/future-students/scholarships for more information.

Prizes

Each year, UTS Insearch offers more than $210,000 in prizes for students who achieve outstanding academic results.

UTS Insearch Dean’s Merit and Outstanding Graduate Prize

Each semester, the Dean’s Merit Prize is awarded to a full-time student who achieves the highest Grade Point Average (GPA) in their first semester in each of the diploma programs.

The Outstanding Graduate Prize is awarded to a full-time student who achieves the highest GPA at the end of their course.

If more than one student achieves the highest GPA, the prize is shared.

Please visit insearch.edu.au/graduation-prizes for more information.

For more information about our scholarships, please visit:

insearch.edu.au/scholarships
“As someone who didn’t achieve a great ATAR and struggled with finding the right course and pathway, being a prize winner is a proud moment in my life. I have my teachers to thank for inspiring me to work hard at my studies. I never thought it was possible to receive such a prize, but now I feel like I can do anything.”

Neda Klissourov
Diploma of Science student and Dean’s Merit Prize Winner
Leadership Program
Leaders aren't born. Leaders are made.

Get ahead of the competition by gaining career-ready skills and an opportunity to win a work experience placement.
We’ve collaborated with industry leaders and subject matter experts to ensure you walk away with the competitive advantage you need for success. It’ll help you transition from education to career; in Australia or across the globe.

The program is a series of practical masterclasses that deliver a fun and interactive learning experience. You’ll develop self-confidence and practical skills that can be put into practice immediately; in your personal life, studies and then in your future career.

The Leadership Program runs three times a year in March, June and October. Held over two consecutive days towards the end of the semester holiday, the sessions will not impact your studies. In fact, they will motivate you for your upcoming study semester and set you up for success.

There are giveaways and an exciting competition with work experience placements to be won - a great way to test drive the career of your dreams. Plus, you could be awarded the prestigious title; Leadership Program ‘Student of the Year’ and win a career package valued at $5,000iii. An amazing achievement to highlight on your résumé. Will it be you?

### Masterclasses
- Workplace culture
- Leadership strengths
- Future of work
- Presentation skills
- Personal brand
- Networking mastery
- LinkedIn
- Student leadership panel discussion

### Work Experience Prize
- 35 hours at a reputable Sydney-based organisation
- Flexible hours to fit around your studies and area of interest
- Includes résumé writing service and career coaching
- Great opportunity to make new connections and grow your network

### Career Prize Package
- 70 hours work experience
- Personalised career coaching sessions
- Professional LinkedIn profile writing service
- Laptop
- 12-month UTS gym membership

---

iii Terms and conditions apply — see website for details.
“The Leadership Program has taught me how to cultivate and develop my leadership skills, and has redefined what leadership means to me.”

Tony Kaliegeros
Diploma of Communication student
Leadership Program Work Experience Prize Winner
Introduction to our courses

Message from our Dean of Studies

“The transition from high school to university is a major step in your life. We focus on making that transition an enabling experience for you. Our educational programs not only build your capabilities, but help to develop your confidence and equip you with the skills to really achieve your goals at university.”

Tim Laurence
Dean of Studies
Diploma programs

All six UTS Insearch diplomas are offered over 2 semesters (Accelerated), 3 semesters (Standard) and 4 semesters (Extended). We offer diplomas across six exciting disciplines, all designed in consultation with the corresponding UTS faculties. Whether your study interest is business, communication, design & architecture, engineering, IT or science, our diplomas are the perfect preparation course for a UTS undergraduate degree.

The benefits of each program:

Accelerated (8 months)
• This program is the fastest way to get into a UTS degree. However, the intense workload means that it will not be suitable for everyone.
• You will study the same content as first year UTS students.

Standard (12 months)
• You will study the same content as the Accelerated program but the work will be spread across 12 months.
• As this program takes 12 months, it allows you more time to perfect your academic studies while adjusting to higher education expectations.

Extended (16 months)
• The workload in the first semester has been set at the right pace for you. You will have enough time to study hard and do well in your subjects.
• You will study the same content as first-year UTS students, but in the first semester of this diploma, you will also undertake Academic Communication and a range of subjects designed to prepare you to succeed as you progress through your studies.

Your Path

High School
Minimum HSC subject average* of:
75% = 8 month diploma
67% = 12 month diploma
63% = 16 month diploma

UTS Insearch Diploma
(8, 12 or 16 months)

UTS 2nd year
Bachelor degree*

**HSC subject average is based on English plus your top three non-VET Category A subjects
*The point where you enter the UTS degree will depend on your chosen major. Not all majors will take you into second year
*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose. Please refer to our website for more information
Diploma of Business
Upon completion of a business diploma, you will be able to demonstrate a good understanding of everyday business functions such as accounting, finance, marketing and management that are practised across global organisations.
Message from the Business Program Manager

“Do you have a great idea for the next big thing? Want to enrich people’s lives with revolutionary products and services? Whether you want to work in finance, accounting, marketing or international business, our subjects will equip you with the knowledge and skills to get you into a UTS Bachelor of Business and build a great career.”

Vinh Tran
Program Manager, Business
B.Com (RMIT), M.Com (Macquarie),
M.Acc. (Macquarie)

As a Diploma of Business student you will gain direct entry into the second year of the UTS Bachelor of Business, if you successfully complete the diploma with the required Grade Point Average (GPA). You will also be awarded 48 credit points towards your UTS Bachelor of Business degree.

Business pathway into UTS

The pathway you take into UTS will depend on your academic qualifications.

“I came from a restrictive academic environment to one where I was free to be myself.”
Aiden Debono
UTS design student
Diploma of Engineering
Engineering makes the world go around, from saving lives with medical devices to solving sanitation issues for remote communities.

Rewarding, challenging and fun, our Diploma of Engineering is the perfect preparation to embark on a career in engineering.
Diploma of Engineering

Message from the Engineering Program Manager

“Want a career that changes lives? Searching for answers to how things work? Enjoy solving problems? Our Diploma of Engineering is perfect if you’re looking for a future career with opportunities to travel, have fun and experience diverse employment.”

Jasmine Cheng
Program Manager, Engineering and IT
BCom (IS) (UoW), MICT (UoW)

As a Diploma of Engineering student you will gain direct entry into the second year of the UTS Bachelor of Engineering (Honours), if you successfully complete the diploma with the required Grade Point Average (GPA). You will also be awarded 48 credit points towards your UTS Bachelor of Engineering (Honours) degree.

Engineering pathway into UTS

The pathway you take into UTS will depend on your academic qualifications.

High School
Minimum HSC subject average* of:
75% = 8 month diploma
67% = 12 month diploma
63% = 16 month diploma

UTS Insearch
Diploma of Engineering
(8, 12 or 16 months)

UTS Bachelor of Engineering (Honours)
Diploma in Professional Engineering Practice
2nd year* 48 credit points guaranteed*

*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose
**HSC subject average is based on English plus your top three non-VEI Category A subjects
You will receive 48 credit points towards a UTS Bachelor of Engineering (Honours) in the following majors:

- Biomedical
- Civil
- Civil (Construction)
- Civil (Structures)
- Electrical
- Electronic
- Mechanical
- Mechatronic
- Software

Completion of Mathematical Modelling 1 (EMAT001) & Mathematical Modelling 2 (EMTH001) is required for the following majors:

- Mechatronic
- Electrical

Students may enrol in the Diploma of Professional Practice at UTS, which includes two six-month internships along with the above engineering majors.

Program Benefits

- 48 credit points guaranteed*
- Subjects are equivalent to UTS first year subjects
- Learn in collaborative learning spaces
- Hands-on, practice-based learning
- Industry networking opportunities

*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose – this excludes double majors
**You will take different combinations of subjects depending on your choice of major
***You will receive 48 credit points towards a UTS Bachelor of Engineering (Honours) in the following majors: Biomedical, Civil, Civil (Construction), Civil (Structures), Electrical, Electronic, Mechanical, Mechatronic, Software

Completion of Mathematical Modelling 1 (EMAT001) & Mathematical Modelling 2 (EMTH001) is required for the following majors: Mechatronic, Electrical

**Required Knowledge for the UTS Insearch Diploma of Engineering:** The UTS Insearch Diploma of Engineering accelerated (2 semester) and standard (3 semester) program is offered to students who have successfully completed Year 12 subjects in Mathematics, Physics and/or Chemistry. Students who do not meet the pre-requisite may be considered for the extended program (4 semesters). The extended program includes three additional enabling subjects to ensure students have the core fundamentals before progressing onto more advanced subjects. Students who attained their secondary education in a country other than Australia must have completed equivalent Mathematics subjects (plus Physics and/or Chemistry) in year 12, in order to qualify for the accelerated and standard program.

The course information is correct at time of printing, please visit our website for the latest details at insearch.edu.au

51
“It takes a lot of courage to learn from your past mistakes and experiences to create a better future, but it’s totally worth it.”
Dhanesh Chandolia
UTS engineering student
Diploma of Information Technology
We’re nurturing tomorrow’s IT pioneers, from web designers to software engineers and application architects. Our program develops your skills in different aspects of computing and information technology, with options to gain in-depth knowledge alongside your core subjects.
Diploma of Information Technology

Message from the Information Technology Program Manager

“Does future-focused technology ignite your interest? Do you have a passion for computers? Are you curious to discover how things work? As tomorrow’s web designer, software engineer or app developer, take your first step with a UTS information technology degree.”

Jasmine Cheng
Program Manager, Engineering and IT
BCom (IS) (UoW), MICT (UoW)

As a Diploma of Information Technology student you will gain direct entry into the second year of the UTS Bachelor of Science in Information Technology, if you successfully complete the diploma with the required Grade Point Average (GPA). You will also be awarded 48 credit points towards your UTS bachelor degree.

Information Technology pathway into UTS
The pathway you take into UTS will depend on your academic qualifications.

*Based on successful completion of your diploma with the required Grade Point Average (GPA) and depending on the course you choose
**HSC subject average is based on English plus your top three non-VET Category A subjects

“I turned my grades around in less than 12 months. Some support from the right people goes a long way.”
Diploma of Science
The Diploma of Science is designed to empower you to apply scientific thinking and analysis to important issues impacting the world today.

Your work as a scientist has the potential to change the future and help solve some of the challenges humanity faces.
Diploma of Science

Message from the Science Program Manager

“How do you enjoy finding out how things work? Are you drawn to solving problems and asking deeper questions? Science opens the door to a world of possibilities, from biomedical science to chemistry or forensic analysis. The Diploma of Science will equip you with the knowledge and skills to get into a UTS science degree and build a successful career.”

Justin Chu
Program Manager, Science
BSc (1st Class Honors), M.Phil, PGDE

As a Diploma of Science student you will gain direct entry into the second year of the UTS Bachelor of Science, if you successfully complete the diploma with the required Grade Point Average (GPA). You will also be awarded up to 48 credit points towards your UTS Bachelor of Science degree.

Science pathway into UTS

***Domestic students are expected to be a minimum of 17 years of age when commencing UTS Insearch diploma courses. Younger students may be offered a place in the diploma at the discretion of UTS Insearch, providing they have met admission requirements prior to course commencement.
Articulation requirements from UTS Insearch diploma to UTS undergraduate degree

Domestic students who satisfactorily complete a UTS Insearch diploma are eligible for a Commonwealth Supported Place (CSP) and an offer from UTS if they meet the academic requirements below. If domestic students do not meet the GPAs below they may have the opportunity to compete with other non-current school leavers for the offer of a Commonwealth Supported Place (CSP) at UTS. Please note that the target GPA is based on the year that a student commences their UTS Insearch diploma. The GPA requirements below are for students commencing their UTS Insearch diploma in 2020.

Accommodation in Sydney

Accommodation
You can choose from a variety of accommodation options while you study at UTS Insearch. Whether it’s a unit by the beach or student housing in the UTS precinct, you’re sure to pick an option that’s right for you.

Student accommodation
If you are a student over 18 years of age you can choose to live in student accommodation located near the UTS Insearch campus and facilities. This is a popular choice for students who want to be part of a student community and experience city living. There are several student accommodation providers in Sydney, including (but not limited to) Urbanest, UniLodge and Iglu.

Other options
Renting and house sharing are also popular options. The UTS Housing Service can provide you with a list of available private properties, which includes share houses, apartments, studios and rooms if you want to live independently. The service is free of charge and accommodation agents can also provide assistance before you arrive in Sydney.

Find out more about accommodation options by visiting our website: insearch.edu.au/student-life/accommodation

Exclusive Urbanest offer for UTS Insearch students
UTS Insearch, in partnership with Urbanest, offer high-quality and safe accommodation options, all conveniently located in the city and at a reduced rate. You will benefit from a welcome pack and household items to help you settle in.

Sharing accommodation with fellow classmates helps create a fun community away from campus life.

For more information, contact the student accommodation team at enquiries@urbanest.com.au or visit insearch.edu.au/student-accommodation
Applications and enrolment

Should I apply early?
Yes. You should apply early so that when you receive an offer you can accept it (by paying the required fees or applying for FEE-HELP) and secure your place in the course you want.

What is the turnaround time for processing applications?
Completed applications are processed within 48 hours.

Can I still apply even if I don’t have all my certified documents with me?
Yes. UTS Insearch can still process your application if you do not have all the relevant documents you need. We will provide you with a provisional offer. Once we have received the required documents and confirmed that you have met all entry requirements, a full offer can be made.

How will you communicate with me?
After you accept your offer and pay the required fees, you will be given your own UTS email address and details of how to activate it. Will communicate with you via your UTS email account.

Studying at UTS Insearch

What are the rules about attendance?
Maintaining satisfactory attendance is a requirement of UTS Insearch. The requirement is to attend at least 80% of classes.

Where can I find information on course timetables?
Information on lecture and tutorial times is posted on the student extranet. Details about how to access the extranet will be provided during Orientation.

How many people will be in class with me?
Class sizes at UTS Insearch are small, with no more than 20 students per academic class. This means you benefit from maximum face-to-face time with your tutor or lecturer.

How many hours of study per week are required?
This depends on your course and course mode (Accelerated, Standard and Extended).

Can I work while studying?
Yes. A focus on your studies is essential but we recognise that some students may want to work part-time. Working arrangements need to fit around your study commitments.

Part-time work must not interfere with your studies or timetable. You must be available to attend classes from 9am-8pm, Monday to Friday. You may also be required to attend classes on a Saturday.

How can I change from one course to another?
If you want to change your program, you will need to go to the UTS Insearch Student Centre and talk to a staff member. Transferring to another program will depend on availability, your academic progress and your academic qualifications.

Orientation and Academic Preparation Week

When is it held?
Orientation and Academic Preparation week is held before your classes commence. Information regarding this appears in your Orientation and Academic Preparation Week letter, which will be sent to you via email once you have accepted your offer.

Is attendance at Orientation and Academic Preparation Week compulsory?
Yes, and it’s compulsory to attend all sessions as they will support your transition into life at UTS Insearch.
Articulation to UTS

How does articulation to UTS work?
During the final semester of your diploma course a transfer session will take place that you must attend. UTS faculty representatives will offer advice and information about the various degrees and majors available, and articulation from UTS Insearch. Study Success Advisers will provide more details about the transfer session.

If I fail some subjects, can I still articulate to UTS?
If you fail any subjects you will first need to repeat them. But yes it is still possible to articulate to UTS providing you achieve the required GPA in your diploma.

Student support

Does UTS Insearch have extra learning support?
Yes. Study Skills Workshops are available during Orientation and Academic Preparation Week, and throughout the year, to help you get a head start with your studies. Please speak to a Study Success Adviser for further information.

Student scholarships

Does UTS Insearch offer scholarships?
Yes. A list of UTS Insearch scholarships can be found at insearch.edu.au/scholarships
### Key academic dates 2019–2020

**October Semester 2019**
- **8–11 October 2019**
  Mandatory orientation and preparation for new students and re-enrolment for continuing students
- **14 October 2019**
  Classes commence
- **14 October 2019**
  Last day to re-enrol without a late fee
- **8 November 2019**
  CENSUS DATE:
  Last day to withdraw from a subject without academic penalty
  Last day for domestic students (including FEE-HELP students) to withdraw from a subject without incurring debt
- **20 December 2019**
  Last day of diploma classes before the Christmas / New Year break
- **6 January 2020**
  Diploma classes resume
- **10 January 2020**
  Last day of diploma classes
- **13-17 January 2020**
  Diploma examination period
- **18 January – 15 March 2020**
  Summer holiday and re-enrolment

### March Semester 2020
- **9–13 March 2020**
  Mandatory orientation and preparation for new students and re-enrolment for continuing students
- **16 March 2020**
  Classes commence
- **16 March 2020**
  Last day to re-enrol without a late fee
- **9 April 2020**
  CENSUS DATE:
  Last day to withdraw from a subject without academic penalty
  Last day for domestic students (including FEE-HELP students) to withdraw from a subject without incurring debt
- **10 April 2020**
  Good Friday public holiday
- **13 April 2020**
  Easter Monday public holiday
- **25 April 2020**
  ANZAC Day public holiday
- **29 May 2020**
  Last day of diploma classes

**1-5 June 2020**
Diploma examination period

**6-28 June 2020**
Holiday and re-enrolment

### June Semester 2020
- **22-26 June 2020**
  Mandatory orientation and preparation for new students and re-enrolment for continuing students
- **29 June 2020**
  Classes commence
- **29 June 2020**
  Last day to re-enrol without a late fee
- **24 July 2020**
  CENSUS DATE:
  Last day to withdraw from a subject without academic penalty
  Last day for domestic students (including FEE-HELP students) to withdraw from a subject without incurring debt
- **11 September 2020**
  Last day of diploma classes
- **14-18 September 2020**
  Diploma examination period
- **19 September-11 October 2020**
  Holiday and re-enrolment

**October Semester 2020**
- **6–9 October 2020**
  Mandatory orientation and preparation for new students and re-enrolment for continuing students
- **12 October 2020**
  Classes commence
- **16 October 2020**
  Last day to re-enrol without a late fee
- **6 November 2020**
  CENSUS DATE:
  Last day to withdraw from a subject without academic penalty
  Last day for domestic students (including FEE-HELP students) to withdraw from a subject without incurring debt
- **18 December 2020**
  Last day of diploma classes before the Christmas / New Year break
- **4 January 2021**
  Diploma classes resume
- **8 January 2021**
  Last day of diploma classes
- **11–15 January 2021**
  Diploma examination period
How to apply

Step 1
Complete the online application form:

- **Online**
  [domestic-apply.insearch.edu.au](http://domestic-apply.insearch.edu.au)

Or download the PDF application form online, complete and send via one of the below channels:

- **By email**
  registrar@insearch.edu.au

- **In person**
  UTS Insearch Student Centre
  Ground Floor, 187 Thomas Street
  Sydney NSW 2000

- **By post**
  UTS Insearch Student Admissions
  PO Box K1085 Haymarket
  NSW 1240 Australia

Step 2
Acknowledgement of your application
You will receive notification of the outcome of your application. Notification will include an offer (or provisional offer) for the course and details of fees.

Step 3
Accept your offer
To accept the offer and secure your place at UTS Insearch you should:

a. Submit certified copies of any outstanding documents if requested by UTS Insearch.

b. Accept your offer by forwarding the completed Acceptance Form or via eStudent – eStudent access will be available one hour after receiving your offer (instructions on how to access eStudent are contained in your offer letter).

c. Make payment upfront by one of the payment options listed in your offer letter and forward proof of payment to the above address; or if you would like to apply for FEE-HELP (eligibility rules apply), you need to complete a Request for a FEE-HELP loan non-university private higher education providers form online through UTS Insearch’s eStudent portal. Instructions on how to access eStudent are contained in your offer letter.

FEE-HELP is an Australian Government initiative that allows Australian citizens, holders of an Australian permanent humanitarian visa and eligible New Zealand citizens to study now and pay later, through the taxation system. A loan fee of 25% applies for diploma courses. For more information on FEE-HELP please visit [studyassist.gov.au](http://studyassist.gov.au). Additional information regarding FEE-HELP is provided in your offer letter.

On payment, or after approval of your FEE-HELP loan application, you will receive further information from us.

Early application and either payment of fees or submission of a Request for a FEE-HELP loan non-university private higher education providers form online through UTS Insearch’s eStudent portal is desirable to secure a place in the course.

For further information regarding enrolment at UTS Insearch, please contact the UTS Insearch Student Centre, located next to the campus entrance.

UTS Insearch Student Centre,
Ground Floor, 187 Thomas Street,
